Fiftieth Year

Canyon, Texas, Thursday, February 28, 1946

Number 52

## Red Cross Call Starts March 1

**Quota of \$3,610 Is Set For Randall County—Reeves Heads the Drive**

The 1946 campaign for Red Cross funds will start throughout the nation March 1.

The quota for Randall county is \$3,610, according to T. V. Reeves, campaign chairman.

Community chairmen are as follows:

O. M. Scott, Jewell.  
Ross Craig, Ralph.  
E. W. Schaeffer, Fairview.  
W. E. Bennett, Park-Stone.  
Wilson Campbell, Costley.  
Geo. Mason, Highland.  
Louis Wieck, Umbarger.

Payments may be made at either the First National Bank, or at the City Hall where Mr. Reeves will stay most of the time during the campaign.

The people of Randall county have always met promptly the calls for Red Cross funds. This will be the final call for war time purposes. There are several million men still under arms who must have the assistance as given by the Red Cross. Returning veterans and their families will drain the resources of the Red Cross for years to come. All of these calls make it imperative that all citizens shall give as much on this call as they contributed during the war.

## Phillips Builds Dam Across the Palo Duro Canyon

Phillips Petroleum Company is at the present time engaged in constructing a dam across the canyons northeast of Canyon.

According to A. G. Brant, maintenance man for the Canyon-Borger section of the pipe line, the dam will be about 100 feet long, two feet high and 4 feet wide. It is not intended that the dam will catch water, but that it will act as a protection for the pipeline that crosses the canyons at that place. Due to water erosion around the line it was uncovered in one or two places and the company found it necessary to build the dam to protect the line.

The dam will be placed about 10 feet below the pipe to catch sand, silt and any other kind of debris, thus, accumulating a covering for the line instead of uncovering it.

Air powered chisels are now at work excavating a base for the dam which will be three feet deep in rock. The structure will be constructed of reinforced concrete and will cost about \$3,000.

## J. J. Douglass Has Sold Laundry

A deal will be closed today wherein J. J. Douglass sells the Canyon Steam Laundry to H. G. Young of Amarillo.

Possession will be given Monday as Mr. Young takes over the business. The building goes in the sale.

Mr. and Mrs. Douglass have engaged in the laundry business for many years, and have sold out several times, only to start up again. "We expect to take a good rest, before looking for another location," stated Mr. Douglass yesterday.

## County Agent Has Been Ill For Week

County Agent W. H. Upchurch has been away from his office for the past week because of illness. He received treatment at an Amarillo hospital last week, but is now at home.

He hopes to return to his office by the end of the week.

### MARRIAGE LICENSE

Verna Carl Hager to Mona Willie McNeill, Feb. 20.

Arthur Lee Pedersen to Bertha Estelle Brooks, Feb. 20.

James A. Ward to Lorene Goodwin, Feb. 22.

Sam W. Longley to Mrs. Mary W. Velasquez, Feb. 23.

### MOTHER-IN-LAW CLUB MEETS

The Mother-in-Law Club will meet on Thursday, March 7, at 3:00 o'clock in the home of Mrs. G. B. Combs, 6th Avenue.

Mrs. M. L. Tanner and son, Lee left Friday for Atlanta, Ga., to join her husband who has been discharged from the Army and is in business there. Mrs. Tanner will be remembered as Miss Mary Ellen Davis, daughter of Mr. and Mrs. W. T. Davis.

Mr. and Mrs. Waydon Fain and son, Robert, of Austin spent a few days this week with their parents, Mr. and Mrs. T. W. Henderson and Mr. and Mrs. R. E. Gill.

Mr. and Mrs. Fred Jennings of Phoenix, Arizona, are visiting at the parental T. S. Stevenson home.

## Major Baggett Expects to Return About March 15

Major Al Baggett has cabled from Italy that he expects to be released by the U. S. Army about March 15 and that he will return to this country near that date.

The cable, received by Mrs. Baggett at Amarillo, said the W. T. athletic director had been in Germany on inspection trips of Army installations, and would go to that country again before returning to the United States.

Major Baggett was assigned to a new headquarters near the end of the year. He cabled that he had received no mail from the United States since December 10.

## Court House Work Lacks Only Touching Up in Spots

The only work lacking on the court house is to touch up the spots which were missed in the general remodeling job.

Judge A. H. Hunt stated yesterday that there is still a little painting to be done on the third floor. When the County Agent's office is moved to the third floor, the north door of the court house will be opened and this part of the corridor will be repainted to match the balance of the building.

A new floor was put down in the County Clerk's office this week which adds greatly to the looks of the office.

## Contract Will Be Let For Widening of Highway 87

The State Highway Commission is advertising for bids on the highway improvement program between Canyon and Amarillo. The contract will be let in Austin on March 13.

The improvement calls for a three lane highway from the underpass north of Canyon on Highway 87 to the Amarillo city limits. It will not be necessary to widen the present bridges in order to take care of the three lane traffic.

The right-of-way problems will be cleared before the contract is let. This work will take practically all summer, but must be completed in time for running the asphalt topping before cold weather starts in the fall.

## McCrerey Attended Land Bank Meeting

J. W. McCrerey, Vice President, represented the Amarillo National Farm Loan Association as its official delegate at the stockholders' meeting of the Federal Land Bank of Houston in Houston on Feb. 19-20. Mr. McCrerey was accompanied by E. E. Adams, President of the local Association. He said that in the discussion of Land Bank and association affairs, President Sterling C. Evans of the Federal Land Bank reported that both the bank and the associations are in the most satisfactory financial positions in their history.

## Men Called Both Physical Exams and For Induction

The local board has received calls for induction and for physical examinations. Neither of the calls can be filled because of the lack of men.

The call for induction is for three men. The board takes credit for James Uel Dodson, who has already enlisted in the navy. Earl Gene Peppard will go to Oklahoma City for induction.

There is a call for five men to take physical examinations, but only three are available: Robert E. Albers, Joseph Roy Edward Greer, and Carmen Mahrice Scott. Transferred from Loveland is Billy Charles Roberts.

## Dickerson Promoted to Staff Sergeant

Gordon Lynn Dickerson has been promoted to Staff Sergeant. He is in the Finance Department of the War Prison Camps at Houlton, Maine.

He is subject to discharge about March 15 and expects to return home at that time.

### STORK SPECIAL

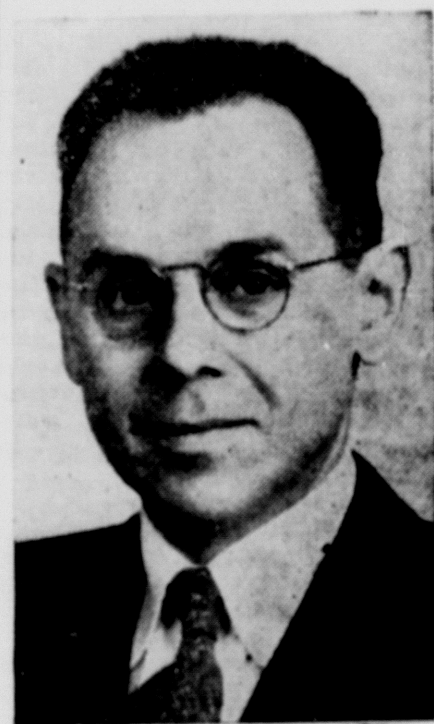

Born to Mr. and Mrs. B. C. Taylor, Jr., February 26, a son.

Born to Mr. and Mrs. Elmer Fite of Phillips, a son, Noel, February 25. Mrs. Gladys Dixon, formerly of the Pleasantville community, is the mother of a baby daughter, born Feb. 21 at Canyon City, Colo.

Flake Thurman, S-1-c has recently been promoted to that rank. He is in the hospital for a tonsillectomy.

## Godshall Will Speak Monday

**Rotarians Bring Third in Series Of Lectures**

W. LEON GODSHALL

The third of a series of four addresses in the Rotary Institute of International Understanding will be given next Monday night, March 4, by W. Leon Godshall of Bethlehem, Pa. The free public address in the college auditorium at 8 p. m. will be preceded in the afternoon by a talk to the students by a talk to the students of local high schools.

Mr. Godshall's subject will be "International Security in the Pacific." He became interested in international affairs while a student in the University of Pennsylvania. During World War I, he served in the U. S. Navy.

He received the M. A. and Ph. D. degrees at the University of Pennsylvania, which made it possible for him to go abroad on two scholarships to investigate Japanese activities in Asia. Between trips, he lectured at the university.

At present, he holds the chair of diplomatic history and international relations at Lehigh University, by which he was employed on his recent release from the U. S. Army. He has written several books on oriental problems and American diplomacy.

Because of his extraordinarily complete knowledge of affairs in the Pacific, he is in great demand as a speaker and counselor in this field.

The local institute made possible by the Canyon Rotary Club and West Texas State College will be concluded on March 11 when Chester M. Tobin of Chicago makes two addresses here on "Maintaining World Trade and a High Standard of Living."

## Mickle Barber Shop Moved to New Location

The Mickle Barber Shop moved to its new location Tuesday night. It is occupying the east half of the Harden & Heath building, which was completed last week. New fixtures were installed. The fixtures were made by Ed Mickle and his son-in-law, Lloyd Childers.

The old filling station on the corner is being removed, and the former room occupied by the Mickle Barber Shop is being torn down. This will be the location for the new building of the Cooper M System. Work will start on this new building as soon as materials are available.

## A Highland Fling Will Be Staged by WT High Juniors

The Junior Class of West Texas High will present "A Highland Fling" at the Education Building auditorium Friday night, March 1.

The play is being directed by Carl Mitchell, sophomore of Canyon and Billy Bural, senior from Groom, both speech majors of W. T. S. C. The cast includes, Jimmie Knott, Gwen Holland, Joan Byars, Billy Jess Cox, Jack Cooper, Bette Brown, Dick Beck, Bennie Jean Dowdy, Nila Davis, Carl Jennings, and Charles Stevens.

### A. A. U. W. TO MEET

Members of the American Association of University Women will meet in regular session with Miss Helen Hickman as hostess at the Health Center on the evening of Tuesday, March 5, at 7:30 o'clock.

### CEMETERY ASS'N TO MEET

The Cemetery Association will meet Saturday afternoon at 4:00 o'clock in the Thompson Club Room. Everyone interested in the operation and development of the cemetery is invited to come to these meetings.

## Facts About Home Building Are Given by Local Lumber Dealer

C. R. Burrow, past president of the Texas Lumbermen's Association, attended a meeting of the directors of the association in Fort Worth Monday. Mr. Burrow issued the following statement as disclosing the situation that exists at present:

In the confusion created about the shortage of homes in America, one point stands out clearly:

**You Can't Build Homes Without Materials!**

Lumber and building material dealers and contractors obviously have a vital interest in obtaining materials for home building.

They report, nevertheless, that such materials are not flowing thru the yards; that they have not been able to get them. Therefore, the Government's HH priorities offered to enable veterans and others to obtain homes, are simply home hunting licenses—for materials in quantity are not available.

As long as OPA continues its wartime control policy rather than a policy of adjustment to aid reconversion, it will neither be able to prevent an inflation or a deflation; it will only be able to prevent reconversion by discouraging production of needed home building items.

Here, for example, is an instance of OPA action that has resulted in increased production. After six months' delay, OPA granted a 4% to 10% price adjustment that allowed 125 to 400 closed brick and tile plants to reopen. This price adjustment allowed these plants and 400 others that had been operating, to hire needed labor. As a result, in the next quarter production rose 35%.

But in hardwood flooring, siding, plywood, mill-work, and construction lumber, OPA clings to its war-

time formulas. Instead, OPA follows the unrealistic policy of allowing premium prices to mills for producing lumber for such things as export to foreign countries, and for items that were needed in wartime industry.

Today's question is not essentially one of price control—if there were plenty of homes, no price controls would be necessary. The important question is one of production and manpower.

So far, OPA and Government officialdom in general have contented themselves with controls, allocations and priority systems which at best can do nothing but juggle an insufficient supply of building materials—and at worst, delay and retard production and the employment of manpower.

Homes will not be built in the United States unless the Building Industry builds them. Whether they are labeled "Public Housing" or "Private Homes," the same materials, the same labor, the same building industry will build them.

Production can be un-blocked by the removal or adjustment of OPA's wartime policies. But such a realistic approach cannot be attained as long as Government action is based on a philosophy of lack rather than a philosophy of abundant supply for peacetime prosperity.

The lumber dealers, builders and contractors stand ready to build or rebuild America. But it is up to the people to demand that the way be cleared for the production of materials for homes.

Any government program that does not first remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

## Foreclosure To Start on Park

**No efforts Are Made to Pay Off the Big Debt Against Palo Duro Park**

It is reported that lien holders against the Palo Duro State Park will foreclose on this land during the year. No action has been taken to pay off the large debt against the property, and the note will be outlawed unless court action is taken.

The lien against the land amounts to nearly \$30 per acre. When the government started work on the park in the 30's it was not aware of this lien, but took it for granted that the property was clear and in the state's name. When the lien was discovered, work was stopped, and the federal government has done no more work on the park.

The Texas State Parks Board has taken little interest in the Park because of this debt.

A meeting of the creditors was recently held in Kansas City and it was agreed to cut the debts to about \$20 per acre, provided action was taken this year in paying off the debt. Interested citizens of the Pahnhandle have held several meetings, but found no way to raise the money. The legislature refused to appropriate such a large sum.

It is reported that the bank holding the first lien will foreclose, and will either continue the Park as a private enterprise, or will lease the property. Amarillo citizens have expressed an interest in leasing the property after the bank forecloses.

## Highway Group Favorable to Local Requests

County Commissioners Clarence Beckman and Calvin Casey are home from Austin, highly pleased with the conference held Wednesday with the State Highway Commission. The commission agreed to complete Western Avenue, according to the request.

The commission took under advisement the extension of Georgia Street and paving the road to Buffalo Lake. A strong presentation was made of these projects.

## Raymond Graves Home From Pacific

Pfc. Raymond Graves arrived at the home of his parents, Mr. and Mrs. Leland Graves, Saturday morning where he was met by his wife and baby daughter, Jessica Ray.

Pfc. Graves had just returned from 17 months overseas duty. He had never seen his daughter. Having served with the Marine Air Corps since May of 1944, Pfc. Graves will have enough points at the end of his 36 day furlough to give him a discharge.

Mr. and Mrs. T. S. Maxwell left Sunday for Dallas to attend spring market.

Mr. and Mrs. A. D. Prater and daughter, Jean, visited last week in Wichita Falls.

## Girl Scout Board Will Hold Meeting

There will be an important meeting of the Girl Scout Board on March 1st in the basement of the Methodist Church at 4:45 o'clock. All officers, leaders, troop committee women and club representatives are urged to attend. Miss Ida Mae McClure, a national field advisor will be present to advise and help the Board.

Preceding this meeting there will be a "Fly Up" ceremony for all Brownies who are eligible to become Intermediate Scouts. This ceremony will be held in the basement of the Methodist Church at 3:45 o'clock. The public is invited. All parents of the scouts are especially urged to be present.

## Hospital News

Entered and dismissed since the opening of the hospital:

Mrs. W. O. O'Donald, surgical  
Mrs. H. C. Roan, Jr., surgical  
Miss Doris Roberts, medical  
Mrs. J. P. Winner, surgical  
Mrs. John Dendy, surgical  
H. P. Bonds, medical  
Mrs. W. L. Kellmer, surgical  
George Bonds, medical  
Margaret Friemel, medical  
Sandra Walker, medical  
Mrs. Neva Walker, medical  
Miss Jean Moore, medical  
R. C. Hillier, medical  
J. B. Canada, surgical  
P. Friemel, medical  
Jeannine Cole, surgical  
Bertie Mae Royal, medical  
Mrs. Bert Lemmons, medical  
Vaughan Vandergriff, medical  
Geo. Grogan, surgical  
Mrs. J. W. Kirby, medical  
Miss Louie G. Erdman, medical  
Robert Dalton, surgical

In Hospital at present:

Dr. Harris M. Cook, medical  
Mrs. Wayne Bryan, surgical  
Mrs. James K. Allison, baby girl  
Mrs. Durwood Brown, surgical  
Dorothy Elizabeth Neblett, surgical  
Mrs. B. C. Taylor, Jr., baby boy  
Mrs. H. C. Grinstead, medical  
Mrs. Earl Backus, surgical  
Gerald Mathis, medical  
Jerry Keith Smith, medical  
Mrs. Nellie Pace, medical  
John Brent, surgical  
Ramon Martinez, surgical  
Mrs. C. P. Robertson, surgical  
C. M. Presley, surgical

Mrs. W. R. Adcock, Mr. and Mrs. H. C. Adcock and daughter were called to Lamesa on February 15 by the sudden death of J. W. Adcock, brother of the late W. R. Adcock.

Miss Carolyn Black, who is attending Texas Christian University in Fort Worth, arrived at the parental W. C. Black home Tuesday night to spend a week between-term vacation.

Mr. and Mrs. Carl Bell from Plainview, Miss LaVerne Thurmon and Mrs. Lavinia Glazener of Amarillo were Sunday guests in the T. M. Thurmon home.

Lt. Scott Downing has recently been promoted to First Lieutenant from the rank of Second Lieutenant. Lt. Downing has re-enlisted in the Army.

## City Must Vote Bonds to Build An Adequate Water Plant, System

## Discharged

Sgt. Wayne Sanford was discharged at Greensboro, N. C., Feb. 14 after having served 33 months in the Air Corps in which he was an engineer and aerial gunner on a B-17.

Pfc. Foy R. Smith was discharged at Ft. Bliss, Texas, Feb. 15 after having served for more than 3 years with the Air Forces.

Thelmer Ferrell Abbott, coxswain, was discharged Feb. 17 from the CB's with whom he had been serving in the Asiatic Pacific Area. He had been in service for more than a year.

## Neck Broken in Wreck of Auto Returning Home

Mrs. Carol Evans Cagan received a broken neck and a broken pelvis bone in a car wreck Sunday.

Mrs. Cagan and baby and Mrs. Myrtle Evans, sister and mother of Mrs. Worth Jennings, Jr., were returning to their home in Phoenix, Arizona after having visited in the Jennings home in Canyon. Mrs. Evans was driving slowly on a bumpy road. A tire blew out causing the car to overturn.

Mrs. Evans and the baby were bruised and cut. All three suffered from shock, exposure and loss of blood. They were about 275 miles from Phoenix and had to get ambulance service from there. However, Mrs. Cagan was moved before the ambulance arrived and doctors marvel that the break in her neck was not slipped.

Mrs. Cagan will have to have her neck in a brace for a month to hold her head perfectly straight.

When Mrs. Jennings talked with her mother Tuesday night, Mrs. Evans reported that they were all doing as well as could be expected.

## No Action Taken on Selection of Superintendent

Paul Lindsey, chairman of the Canyon school board, states that several applications have been received for superintendent of the schools for next year, due to the resignation of Dr. J. B. Speer.

The board has taken no action on the applications, and may not act for a few weeks. Other school men of this section have visited Canyon and expressed interest in the position.

The board may postpone action on the election of the superintendent until after the annual election in April. The term of three trustees will expire: Dr. Harris M. Cook, Clay Cooper and L. D. Winn.

## Happy Birthday

March 1st—

Mrs. J. A. Hill  
Mrs. Eugene Zachry  
Mrs. Clinton Oldham  
George Allen Farlow  
Mrs. Travis Shaw  
L. L. Hix  
Gertrude Fishbacker  
Mrs. S. E. Roberts  
Mrs. Alvin Boehning  
Golden Currie  
Peggy Jean Robinson  
R. C. Hillier

March 2nd—

Naomi Reynolds  
Billy Norman  
Meredith Warren  
Bud Rusk  
Ernest Sykes  
Bettie Jean Schuette  
Mrs. Letha Morris  
Mrs. Carl B. Fuqua  
M. E. Cleavinger  
Florence Ada Hacker

March 3rd—

Juanita McKee  
James Ross Gidden  
Mrs. Sanford Black  
Tysene Cox  
Mrs. C. L. Gordon-Cummings  
Mrs. Emil Olson  
Mrs. James E. Park  
Dr. Roy L. Johnson  
Mrs. Roy L. Johnson  
Kenneth Ray Adams

March 4th—

Mrs. C. W. Warwick  
Willard Spiser  
Emil Olson  
Mrs. L. S. Baker  
Mrs. A. D. Parker

March 5th—

Royce Edward Boyce  
W. H. McAtee  
Elfrieda Batenhorst  
Ellen Marie Roberts  
Mrs. Henry F. Miller  
Lucille Higdon  
Mrs. J. W. Wesley  
Mrs. W. H. Chambers  
Jesse Canada  
Melvin Walton

March 6th—

Pawn Rogers  
Virgil Henson  
Mrs. E. A. Michael  
Raymond Tucke  
Mrs. George Melton

March 7th—

Mrs. G. B. Combs  
Harley Gordon  
Mrs. Larry Holman  
Jim Higdon  
Mrs. Bill Money  
O. D. Bragg  
C. R. Scoggins

**Mayor States That City May Be Penalized Amount That Improvements Cost**

Canyon has reached the point where it must expand its water supply, or be penalized by having its insurance rate increased, states Mayor W. A. Warren. Mr. Warren spoke at the luncheon of the Rotary Club Tuesday on city finances.

On Feb. 1 the city owed bonds amounting to \$43,000. It has in cash \$9,000, making a net debt of only \$34,000. Of this amount there are \$8,000 in water revenue bonds. During the past four years \$24,000 has been spent for permanent improvements, including \$8,000 spent on the streets.

The big problem now is water. The present plant has reached its capacity. Last year the sale of water was the highest in the history of Canyon. We cannot build more homes and furnish more water without expanding the plant, overhead storage and water mains.

Mayor Warren puts the problem in concrete form: Should Canyon have one big fire, we would lose the present 25% good fire rating. This would cost the property owners \$4,000 per year in additional fire insurance premiums. In the course of a few years we would be paying the equivalent of the needed improvements, without having the improvements. In addition to this, the state could put a penalty on the city for the lack of adequate water supply, and thereby hike the insurance rates.

Mr. Warren advocates a bond issue to do this improvement. Interest rate on bonds is now the lowest in history. The city should vote the bonds and have the money on hand as labor and materials are available for the work.

Every citizen can help keep the city's running expenses down by burning all tree trimmings and trash; scattering surplus dirt in the alleys rather than piling it in the gutters where it damages the paving. The city will be forced to put on a day police costing about \$175 per month unless all citizens observe the parking regulations around the square. This expense can be avoided with the co-operation of all visitors.

Mr. Warren asked that all citizens know more about the affairs of their city, and assist in every way possible. But action must be taken on the water situation; the parking problem; addition of more street lights; establishment of an adequate air port.

Visitors were: Joe D. Hurt, Edmund, Okla.; Fred Jennings, Phoenix, Ariz.; O. K. Lewis, John E. Oakes, E. Kancher, Forrest Barnes, Ed Browder, all of Amarillo; Herman Demus of Canyon.

## Calves To Play Amarillo Sandies Here Tuesday Nite

When the West Texas High School Calves meet the Amarillo Golden Sandstorm Tuesday night, the game will have much meaning to the Calves and their fans.

Amarillo defeated Graham 25-20 at Graham for the first game of the bi-district AA Championship contest. To defeat the Amarillo team would give the Calves a good paper rating. Since the West Texas High is not an independent school, the teams are not eligible for inter-scholastic competition; but the teams rank high in ability in comparison with the teams that are in the state races.

Tickets for Tuesday's game will be on sale at Bob's Coffee Shop, Buffalo Drug, G. G. Foster Loan and Real Estate Office and the Palace Cafe, according to the coach, Milton Morris.

Admission will be 30c and 60c tax included.

## Capt. R. S. Hibbetts On Terminal Leave

Capt. Robert S. Hibbetts was here Thursday. He is on terminal leave from the army, and his discharge will become effective in June.

Capt. Hibbetts has accepted a position with an auditing firm in Amarillo, but will return to his former position in the Business Administration Department of the College. He has been in the army for almost four years.

### CHORUS CHANGE MEET PLACE

Members of the All Church Woman's Chorus that have been meeting at 9:00 o'clock at the Baptist Church will meet next Tuesday at the same hour at the All Saints Episcopal Church. All women who will sing with this group are urged to be present.

Mrs. W. S. Myers, Mr. and Mrs. J. D. Price, Mr. and Mrs. J. W. Price of Plainview and Alvah Doak of Lubbock visited last week in Dallas. Mrs. Myers returned home Monday night.

Mr. and Mrs. J. S. Haydon and Mr. and Mrs. Raymond Gibson of Plainview, parents and sister of Mrs. W. M. Thompson, visited in the Thompson home Sunday.

R. L. Lester of San Antonio is here on business. Mr. Lester was a former County Judge of Randall county but moved to San Antonio several years ago.

# Editorials

The Democratic State Executive committee takes itself all together too seriously. Instead of barring from the party those "terrible" Democrats who did not vote for the re-election of Roosevelt in 1944, the committee did an equally foolish thing. It found that the first proposal was unlawful. What the committee finally did was equally unlawful. The committee voted to question each candidate for public office as to whether he voted for the Texas Regulars; whether he approved of the efforts of this group; and whether he publicly denounced the effort of the Texas Regulars. Fortunately for the people of Texas there is a constitution and there is a statute which protects the rights of the people. No one needs bow to the changing dictates of any group which may be in political power for the moment. The laws of Texas are very explicit as to what questions may be asked a candidate for public office. When he says that he is a Democrat, and of proper age, and has a legal residence within this state and his county, the powers of the committee end. He may have been a Democrat for 60 years, or only for 60 seconds; and the committee is powerless to place further restrictions upon him. If all the citizens of Texas will live by the constitution, regardless of its age, and will abide by the statute of the state, most of our difficulties will come to an end.

The question of political spies in Canada is another example of power politics as practiced in Europe. It again recalls the 1918 slogan of the doughboys: "We want to go home, to hell with Europe." Russia maintains an excessive staff of so-called diplomats in all countries. There are more than 240 in Canada, while Canada has only a dozen or so in Russia. There are about 300 Russians connected with American embassies; while we have only two dozen in Russia. The same proportion prevails throughout the world. Since the people of Russia work for the state, rather than for themselves, it is easy to tell these fellows where to go and what to do. Every nation of the globe has cussed Russia so long and so vehemently that Stalin wants to find out just what is going on in the world and takes this method of spying on the public affairs of the world. No one can blame Stalin for taking advantage of the system which has been in use in Europe for centuries. Since we are a world power and must take our place in world affairs there is nothing left for us to do but develop a better system of spying and put it into every nation in the world. America has been trying to introduce a better system into the world, based upon friendship and understanding. If we fail in this, the only thing left for us is to develop a better system of spying, and make it effective in every part of the world.

It is indicated now that compulsory military training will fail. The churches, the schools and the labor unions are all fighting the measure. Ed Bishop gives a typical reaction of a recently discharged service man as follows: Expressed an opinion too quickly the other evening. We were having a recently discharged soldier for dinner (sandwich spread and pickles), and I expressed myself as being in favor of military training. "There's where you're wrong," was the service man's quick rejoinder. "The worst thing that could happen to a sixteen or seventeen year old boy is to place him under the supervision of a hard-boiled regular army staff for a year's time. He'd learn all right, but not the things you'd like for him to learn. The chances are he'd come out of the army an excellent crap shooter, with a vocabulary of cuss words that would amaze you, and an idea that he has had all the education he'll need to get by."

Pappy O'Daniel writes from Washington that he wants to exchange newspapers with us. He will send us a weekly copy of the W. Lee O'Daniel News if we will send him a copy of The Canyon News. He says that his paper prints the worthwhile news of Washington. After glancing through the sheet we are convinced that little happens in Washington, unless Pappy is making a speech. And besides, Pappy would not like to read what we think of him. So therefore we decline the offer, and no regrets.

## The Canyon News

PANHANDLE PRESS ASSOCIATION  
Member of National Editorial Association and Texas Press Association.

Judged as the Outstanding Weekly Newspaper in Texas in 1942.  
Placed as an Outstanding Weekly Newspaper in "Editing The Day's News" in 1943.

When the war started in Europe, we heard a native of Russia say that one faction in Russia was as bad as the other, and neither was better than Hitler or Mussolini. During the past week we heard a student of world affairs, and a man who has spent much time in Europe state that there is no difference in the brand of dictators. A difference of name does not change the ideals. The Crosbyton Review has the following statement: There is a man living in Crosbyton who was born in Russia and served in the Russian Army, Frank Svidlow, well-known citizen there, who has his own opinion of Joseph Stalin and the present Russian regime. "Joe Stalin is a dictator just like Hitler was," declares Mr. Svidlow. "He had many people killed because they didn't agree with him. But his kind of government is no good. It is not democratic. If the people of this country had that kind of government, they would have no personal liberties. Liberty and freedom call for a God, a home and a man's right to make a living. The Stalin dictatorship was not built on those principles. They are getting religion back some there now. But free love, such as the Bolsheviks preached is no good for a people. And they have to work like mules. No man wants to be a mule."

Speculation continues as to what Ickes will do to the Truman administration; and to the Democratic party if Truman is a candidate for re-election. Probably a great deal of this speculation is pure bunk. Remember Hugh Johnson; how he became peeved at Roosevelt, and how he was going to wreck the Democratic party when Roosevelt was a candidate for his 2nd term—and what a dud he turned out to be. But it is no secret that the Democrats in Congress would like to see the President withdraw the name of Pauley. Naturally the President cannot gracefully do so without embarrassment to his administration. The proper thing for Pauley to do is withdraw as an applicant—which he will probably refuse to do, hoping that the President can swing enough pressure behind Congress to put over the nomination. There is never a dull moment under the Big Dome at Washington.

We hear it so often: "Why does not the President issue a proclamation officially ending the war?" Although this may somewhat puzzle the layman, the answer is simple. Enlistments to the armed forces run for the duration and six months. We could not get all of the men home in six months and should not have them all home. We must have an adequate army of occupation. There are a vast number of war agencies in Washington and throughout the nation which will fold up with the official end of the war. The government has three million persons on its payroll. With election coming on this year, just how many persons do you think will be suddenly thrown out of jobs? Poor politics, you say? Yes, but it would be the same brand as the Republicans would play if they were in power.

We hope that the Full Employment bill, passed by Congress and signed into a law by the President, will do what it intends doing—abolish depressions. But we are old fashioned enough to believe that this nation must pay its honest debts, about \$2,000 for each and every person in the nation; and that we cannot continue having boom times with such a debt hanging over the nation; neither can we have solid prosperity under the present boom conditions, nor when half the people feel that Washington should play Santa Claus to them.

## 'What Does It Profit a Man---?'

Milk producers at Houston threaten to raise their prices in spite of OPA, and then let the government do its worst. It is very unlikely that a general farm strike as has been proposed would succeed. There are too many farmers, with too little organization. While there are only about 10 million members of unions in America, out of a population of 140 million, the unions are split up into small groups, and the leaders have a hammer over the heads of the members. This is in direct contrast of the farmers of the nation, who are independent in their thinking, and in their operations. The Houston milk producers have a much less vital excuse for striking than the Panhandle producers, who are having to buy practically all of their feed, and pay a very high price for it.

Congress is still debating the loan to Britain. Personally, we believe that we had as well "give" Britain the money and forget it. That is the only way that we can keep the nation from bankruptcy. But in the meanwhile, if we continue playing Santa Claus to the entire world, and likewise to a big per cent of our own citizens, Uncle Sam is going to be bankrupt in the very near future. Just how we are going to put an end to government waste is beyond us.

A drive around Canyon convinces one that a real building boom would be on here if building materials were available. As it stands, there is much construction underway. Whenever a residence sells, and there are many sales every month, a rent house is usually eliminated. Canyon is a town of nearly 100% owner occupied residences. That is fine so far as the future is concerned, but very bad today when people need to rent homes and can find none available.

## WHY BE FAT?

Eat plenty yet lose weight with delicious candy reducing plan. Have a more slender, graceful figure. No exercising. No laxatives. No drugs. With the simple AYDS Vitamin Candy Reducing Plan you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. It's easier when you enjoy delicious vitamin fortified AYDS candy before meals. Absolutely harmless.

In clinical tests conducted by medical doctors, more than 100 persons lost 14 to 15 lbs. average in a few weeks with AYDS Vitamin Candy Reducing Plan.

Tear out this ad as a reminder.

like Canyon gets good men at the head of the civic affairs they should be held in office so long as they are willing to serve. And this is said with no disrespect to others who may wish to run for these offices, but are unacquainted with the problems of the city.

Frequently the comment, "a plague on both your houses," is heard in referring to management-labor difficulties. There was a day when the criticism might apply, but not so now. It seems to be generally forgotten that management cannot bargain as a free agent with labor. Prices are fixed by government; therefore government must decide the wage level. It is all very well to talk about cost absorption and high production as the answer to higher wages. Producers and distributors have absorbed until they can absorb no more. And as for basing present wage rises on future production plans which may never materialize—the idea is just plain silly. There are growing indications that OPA is being used as an instrument to enforce a planned economy philosophy of no profit, rather than as an agency to prevent price profiteering. Otherwise, it would not be a party to the labor-government squeeze play against management, a play that may end in chaos.

An economic study now circulating in Washington compares the living standards of average wage earners in leading nations. On this comparative basis, Russia is where the United States was in 1790; Italy is about the U. S. of 1812; Germany matches us at 1860; and England enjoys the living standard of the U. S. of 1870. Why trade American ideals for those of Europe? Why, you so-called reformers, who want to transplant Europe to America???

The British Lion is having his hands full in India. If the natives could get together, the British Empire would lose one of its valuable possessions. But until such a time as the natives can agree among themselves the British will continue to exploit the rich resources of the land, just as it has every other pos-

session over which it has held domination.

## Texas Exes to Meet Sunday

University of Texas ex-students of Randall County will hold their annual meeting Sunday afternoon, March 3, at 5:30 o'clock in the home of Prof. Herschel Coffee, 2002 6th Avenue.

In order that accommodations may be planned, those who wish to attend the meeting are asked to make reservations with Miss Maude Cuenod not later than noon Friday, March 1.

An annual fee of 70 cents has been established to cover costs involved in providing a luncheon and program for the meeting.

## Children Are Susceptible To Tuberculosis

Speaking of children and their

HERE is what this agency considers the irreducible minimum of insurance which a home owner should carry:

- 1) Fire with Extended Coverage
- 2) Complete Automobile Insurance
- 3) Residence Liability Insurance

If you carry less you may be wide open to the loss of your home. Better talk this over with

susceptibility to tuberculosis, Dr. Geo. W. Cox, State Health Officer, said, "Few people realize that babies and young children are very likely to catch tuberculosis if they are kept in the rooms with persons who have had the disease in an infectious stage, or use the same dishes, sleep in the same beds, or are handled and kissed by people who have tuberculosis."

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of measles, whooping cough or any of the so-called children's diseases. But tuberculosis is different in certain particulars. Unlike most diseases, it has more than one form. Babies who get tuberculosis may not show the symptoms we associate with the disease in older people. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies and young children is a very serious matter, but recent studies have shown that if young children are removed promptly from contact with the disease and given the necessary care, many lives can be saved."

"A great deal can be accomplished whenever tuberculosis develops, whether young or old, if the presence of the disease is recognized when it is in its early stages and if medical attention is secured promptly."

"Tuberculosis does not just simply happen. Nobody is born with the disease. Everybody who develops tuberculosis gets it from some other source. Children and young people who have been in contact with persons ill with tuberculosis are especially likely to contract the disease."

### REFERENCE

Young man, do you have references from your last place of employment?

Yes, sir. Here's this letter. It reads: "To whom it may concern: We had Sam Jones working for us three weeks and we can truthfully say we are satisfied."

The House of Parliament can be seen by visitors only on Saturday, unless the visitor presents an order from a member.

## "Army Life" Magazine Wins Newspaper Award for Outstanding Achievement

Major General H. N. Gilbert, USA, Director, Military Personnel Procurement Service, AGO, watches approvingly as Mr. Walter Sanders, Chairman of the Board of Publishers of the American Press Association, presents a certificate on behalf of the Weekly Newspapers of America to Colonel LeRoy W. Yarborough, Chief of the Recruiting Publicity Bureau. Colonel Yarborough accepted the award for the staff of "Army Life" magazine, the Army recruiting publication. Taking part in the ceremony are those who were instrumental in making "Army Life" eligible for the award: (left to right), former Sergeant Lester Byck, General Gilbert, Sergeant Fred Methot, Sergeant Ed Payne, Mr. Sanders, Sergeant Stuart Graves, Colonel Yarborough, and Lieutenant Colonel H. North Callahan.

## Chapel Funds Reach Half-Way Place In Climb to \$50,000 Objective

Means for completing the campaign to raise \$50,000 for a non-sectarian chapel on the West Texas State campus are being suggested by President J. A. Hill.

With approximately half of the required sum in hand, Dr. Hill points out that one hundred gifts of \$100 each and 100 of \$50 each, together with some expected larger contributions, would bring the campaign near the objective and justify beginning of construction. Most of the furniture for the chapel has been pledged. Most of the art glass windows have been spoken for at \$500 each. A few memorial pews are available at \$110 each.

More than 300 persons have contributed a total of more than \$20,000, ranging in amounts from \$1 to \$1,000. Pledges to be paid by May 1 amount to slightly more than \$5,000. The most successful county campaign for the chapel is that in Carson County, where more than \$2500 has been raised out of a goal of \$3500.

The chapel to be used for special religious services would not conflict with the programs of local churches. It will be used for lectures, concerts, and educational pictures of appropriate types, for weddings, and for private devotions and conferences between Panhandle-Plains pastors and students who are members of their congregations.

The project has been widely endorsed by religious organizations, ministers, and civic organizations.

### AT, NOT FROM

"What do you know about your ancestors, Mrs. Kelly?" asked Mrs. O'Brien.

"An, what's ancestors?" "Why, people you sprung from." "Listen to me, Mrs. O'Brien," said Mrs. Kelly, "I come from the rare stock of Donahues that spring from nobody. They spring at thim."

### PROTECTION

"Is this the Fidelity Insurance Company?"

"Yes, ma'am. What can we do for you?"

"I want to arrange to have my husband's fidelity insured."

### QUITE AN EYEFUL

"Where did you get the black eye?"

"I went to a dance hall last night and was struck by the beauty of the place."

Of all recoverable waste paper in this country, fully 62% is now being salvaged. This compares with a 70% total in England where the program has been under way for years, and where there are strict laws against destroying waste paper.

## News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of March 3, 1921)

The State Health officer has started a check of all towns in Texas. Governor Pat Neff has advised local city officials to cooperate in a statewide cleanup campaign.

Members of the legislature contemplate a trip to West Texas, and have been invited to visit Canyon.

A son was born to Mr. and Mrs. E. Gidden.

President Harding's salary will be \$18,000 less than the salary of President Woodrow Wilson because of the income tax.

### Calves Defeat Memphis Five

On Friday night the Calves defeated that ex-Buffalo, Curtis Kelly's fighting five, 42-17.

Coach Morris' squad just couldn't get started in the first half and led by only 20 points at half time. This may sound bad, but the Calves were far from playing their regular game.

Hooper took scoring honors with 15 points. Russell followed with three field baskets and three free shots making a total of 9 points. Carter stepped out of line for a change and scored 7 points. Lambkins led the opponents with 7 points.

There are two more home games to be played this season. Phillips here this week and probably Amarillo in the middle of next week.

#### IDEAL AUDIENCE

I know his stories all by heart. Yet when the crowd is new, He has such fun repeating them That I enjoy them too.

Deacon: I hope, Dr. Drye, that by now you are making many new friends in the church.

Dr. Drye: I think so. But as I was preaching last Sunday I seemed to have more nodding acquaintances than friends.

The reason some girls never get married is they are too biased. It's bias this and bias that until the boy friend is busted.

Mrs. Blake: I wonder why Emily and her husband can't get along.

Mrs. Drake: I think because he has such a dogged determination and she has a catty disposition.

Gilbert was remarkably stout and excessively fond of dancing, so when he hadn't shown up at the ballroom for a month, his friends asked him if he had stopped.

"Oh, no," he replied, "I am just waiting until I can find a concave lady for a partner."

Housewife: How did you break this vase?

Maid: I was accidentally dusting.

"Whaffo you sharpenen' 'at razor?"

"Woman, they's a pain o' gentlemen's shoes under you' bed. If they ain't nobody in dem shoes I's gonna shave."

#### GIFT TIE

The moment my eagle eye spotted The gift tie you chose with such pride,

I know 'twas unfit to be knotted—But, dear, was I fit to be tied!

Philip Lazarus.

Teacher: Izzy, do you know your alphabet?

Izzy: Yes, Ma'am.

Teacher: What letter comes after "A"?

Izzy: All of 'em.

The secretary of the Treasury has a room papered with covers of July magazines designed to promote the Fifth War Loan. He keeps the key to the room, shows it to personal callers.

#### COULD BE

"So you met your wife at a dance? Wasn't that romantic?"

"No. Embarrassing. I thought she was at home taking care of the kids."

#### VICTORIAN

A discussion in the barracks the other night swung to girls. "I like the shy, demure type myself," said a buck sergeant. "You know—the kind you have to whistle at twice."

Wall Street men should make good farmers. They know how to water the stock and shear the sheep.

### Calves Erased Dimmitt Bobcats

Tuesday afternoon the W. T. Calves opened the doors of Burton Gymnasium to the Dimmitt Bobcats to defeat them, the runners-up in District 1-A basketball competition 52-25.

This marked the twenty-fifth win, against four set-backs, for the Calves.

This was the second defeat the Bobcats have suffered this season by the Calves.

Russell and Hooper led the Calves' attack, hitting the basket for 15 and 13 points respectively. They were followed closely by Johnson, who poured four field goals and one free toss through the hoop to score a total of nine points. Rice, an outstanding guard for the opponents, was high man for his squad with eleven tallies.

Velton Sargee, an ex-Buffalo and coach of the Dimmitt squad, had three of the starting regulars in the game.

#### REQUEST WITHDRAWN

"I came in to ask you for your daughter's hand in marriage," said the young man.

"How much salary do you receive per week?" asked the father.

"Fifteen dollars," replied the young man.

"Tut, tut," snorted the father. "Why that wouldn't keep my daughter in pocket handkerchiefs."

"Is that so?" replied the young man. "Well, if she has a cold that much of the time, I don't want her."

#### CANDID

Holding the lovely creature close to him, he whispered softly in her shell like ear: "Darling, I love you as no one ever loved you before."

"I can't see much difference," she replied.

Two days out of Frisco the young ensign worked his first navigation problem. He presented his calculations to the captain.

"Young man," roared the captain, after examining the result, "take off your hat."

"Beg pardon, sir," replied the puzzled youth.

"According to these calculations," said the captain, "you are standing right in the middle of Westminster Abbey."

A gentleman is never violent in asserting his rights.

**With the Best Power Posthole Digger on the Market!**

KIRBY DIGGER on International Model M

#### SIMPLICITY IN DESIGN!

Operating on a new and different principle from any other digger on the market, the Kirby Digger has the simplest possible design and several exclusive features. It is the only digger with no cogs or gears to strip or wear out—operate by direct V-belt drive. Right front side mounting gives best possible visibility for stopping auger directly on mark for hole. No crank to turn—no complicated mechanism to learn to operate.

#### EASY TO OPERATE!

No aching necks from operating the Kirby Digger—it's right up where you can see it without turning around! One man can operate it without getting down from the driver's seat. Designed so that a helper may be used for protracted digging operations for greater speed. It's easy to clean loose dirt out of holes with this digger, to dig holes of uniform desired depth.

#### INEXPENSIVE

Low initial cost and inexpensive to operate, the Kirby Digger is designed and built to last for many years. So simple in design that it is built of only a few rugged parts, any one of these can be replaced should it ever be needed. Owners report digging for two days or more on a tank of gas, digging up to 750 holes per day in actual fencing operations. You can pay for your Kirby digger in four days doing custom digging for your neighbors—and have money left! Has attachments for pushing wires aside in fence line for digging holes to replace old posts or for installing new posts between old ones.

EXTRA EQUIPMENT—9-inch augur is standard equipment; 6 and 12-inch augurs available.

# Social Events of the Week Clubs and Organizations

## PLEASANTVIEW H. D. CLUB MEETS WITH MRS. HEIZER

The Pleasantview Home Demonstration Club met Thursday, February 14, in the home of Mrs. Lynn Heizer.

In the absence of Miss Patterson, Mrs. Billy Brown and Mrs. Jack Middleton gave a very interesting program on "Keeping up with Medicine."

Mrs. M. B. Brown gave Council report and Mrs. Albert Meyers the Texas Agriculture report.

Lovely Valentine refreshments were served to Mrs. James Jennings, Sally Jennings and Miss Iris Dooley, guests; and the following

members: Mrs. A. B. Haynes, Jr., Mrs. Tom Moore, Mrs. Billy Brown, Mrs. M. B. Brown, Mrs. Jack Middleton, Mrs. Earl Burtz, Mrs. Albert Meyer, Mrs. Ethel Dooley, Mrs. John Jennings, Mrs. J. H. Barrett, Mrs. W. L. Browning, Mrs. Norman Cook, and the hostess.

On February 28, there will be an all day meeting in the home of Mrs. Earl Burtz.

## MRS. PERSONS HOSTESS TO RALPH CLUB MAKE-UP MEET

Ralph Club recently met in the home of Mrs. H. G. Persons for the purpose of making up a club meeting missed because of bad weather.

Mrs. Crews Henry, president of the club presided and group singing was led by Mrs. Glenn Dowlen. "Food in Terms of World Needs" was the topic studied with Mrs. M. R. Miller and Mrs. Tom C. Gooch leading in the discussion.

Mrs. Gordon Jones, recently of Zita Club became a new member.

An attractive plate consisting of chicken salad on lettuce, bread and butter sandwiches, angel food cake, coffee and candies was served to Mrs. R. B. Gist, Mrs. S. L. Robinson, Mrs. Glenn Dowlen, Mrs. Clarence Adcock, Mrs. H. R. Hungate, Mrs. Lonnie Byars, Mrs. Joe Cox, Mrs. John Lill, Mrs. Henry Ratjen, Mrs. Jones, Mrs. Gooch, Mrs. Miller and the hostess, Mrs. Persons.

## CENTERVIEW CLUB MEETS WITH MRS. G. E. WESLEY

The Centerview Home Demonstration Club met Feb. 15 in the home of Mrs. G. E. Wesley.

The meeting was called to order by the president, Mrs. A. E. Wise. It was voted that the club shall meet at 2:30 o'clock instead of 3:00 o'clock as had been before the time was changed back.

An interesting report on the state and national organization by Mrs. A. E. Wise. The business of the first meeting of the year and reports from the different committees followed.

The club appointed Mrs. A. E. Wise to represent our club as a delegate to the Council at which three women from different clubs will be selected to attend the state convention.

Those present were: Visitors, Mrs. Barker, Miss Evelyn Schaeffer and Mildred Bryan. Members, Mrs. A. E. Wise, Mrs. Lester Bryan, Mrs. Serena Bryan, Mrs. S. P. Sharpes, Mrs. John Patterson, Mrs. E. W. Schaeffer, Mrs. Coleman, Mrs. Reed, Mrs. Dallas Zachry, Mrs. J. W. Wesley and hostess, Mrs. G. E. Wesley.

## MRS. S. G. ELLIOTT NOMINATED FOR DISTRICT H. D. C. OFFICER

In the home of Mrs. Fred Bauer at three p. m. Wednesday, Feb. 13, Ralph Home Demonstration Club unanimously nominated Mrs. S. G. Elliott, present Randall County Home Demonstration Chairman, for the office of Vice Chairman of District One of Texas Home Demonstration Clubs.

This is Mrs. Elliott's second year as Randall County Council Chairman. Prior to this office she served as president of Ralph Club for two very successful years.

A demonstration on the fine art of mending was brought by Miss Lou Ella Patterson, county home demonstration agent. Committee chairman brought plans for the year's work and program parts for the year were assigned.

Mrs. Tom C. Gooch was elected as delegate to represent Ralph Club at the County Council where three county delegates will be elected to attend the district convention in

Childress during April. Mrs. R. B. Gist was elected alternate.

From a beautiful table centered with red tapers and a Valentine arrangement, Mrs. L. S. Johnston presided at the coffee service. Mrs. M. R. Miller, co-hostess, assisted in serving individual salads, heart shaped cookies and sandwiches, potato chips, pickles and olives.

The following were present: Mrs. Lonnie Byars, Mrs. John Lill, Mrs. Crews Henry, Mrs. James Jennings, Mrs. H. G. Persons, Mrs. R. B. Gist, Mrs. Henry Ratjen, Mrs. H. R. Hungate, Mrs. Gordon Jones, Mrs. C. O. Elkins, Mrs. Glenn Dowlen, Mrs. Joe Cox, Miss Patterson, Mrs. Johnston, Mrs. Gooch and the hostesses, Mrs. Miller and Mrs. Bauer.

## EDGETOWN H. D. CLUB MEETS WITH MRS. PENNIE COX

The Edgetown Home Demonstration Club met on February 8 at 3:00 p. m. at the home of Mrs. Pennie Cox, with the president, Mrs. Fred Marshall, presiding.

Roll call was answered by "Hints on Mending."

The county home demonstration agent, Miss Lou Ella Patterson, gave a demonstration on skillful mending of better clothing.

During the recreational period, songs were sung, and Mrs. L. L. Gore gave a new rendition of "Little Drops of Water."

Chicken salad sandwiches, gherkins, valentine candy and coffee were served by the hostess to Mesdames Charles Stratton, E. C. Penick, G. R. Cox, T. M. Thurman, T. T. Pain, J. C. Dowd, W. I. Wester, Smith, W. L. Rice, E. B. Anthony, Fred Marshall, S. R. Hood, L. L. Gore, J. W. Horn, O. M. Solomon, J. R. Sharp, P. L. Walters, Doug Marshall, R. E. Foster, M. E. Sogree, Frank R. Phillips, Pennie Cox, Misses Lou Ella Patterson and Mable Solomon.

## Miss Mickey to Be Presented in Piano Recital

Mary Helen Mickey of Canyon will be presented on Friday, March 1, by the piano section of the Music Department in the first of a series of six piano recitals. Miss Mickey, a Junior, is a pupil of Miss Pauline Brigham.

She will be assisted by Miss Carolyn Wimberly, violinist, a pupil of Prof. Herschel Coffee. The recital will be given in the college auditorium at 4 p. m. Miss Mickey will feature piano compositions of the romantic and modern schools and will play in its entirety Beethoven's "Moonlight Sonata."

## Class of 1925 Letter Issued by W. T. Instructor

Miss Ruth Lowes of the Demonstration School faculty, permanent secretary of the West Texas class of 1925, recently issued class letter No. 33. Since her class was graduated, she has sent out to members thirty-three letters, totaling 135 pages.

Total income from the class since graduation is recorded by Miss Lowes as \$805.04. Of this \$213.04 has come in the form of annual dues of \$1 per class member. The remaining \$592 represents individual contributions for the Guenther memorial monument. Since 1930, the dues has been fifty cents a year.

The original class of 1925 enrollment carried fifty-eight names. Five of that number have been lost by death. They were: Vivian Coffman, Grace Clark, Mrs. Mattie Strain, Mrs. Helen Parsons Pierle, and L. W. Sloneker.

The class of 1925, which includes some of West Texas State's best

## Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## Does Distress of 'PERIODIC' Female Weakness

Make you feel

"A Wreck" on such days?

If you suffer monthly cramps with accompanying tired, nervous, cranky feelings—due to functional periodic disturbances—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken throut the month—Pinkham's Compound helps build up resistance against such distress!

## NOW, IT'S EASY TO OWN YOUR FARM FREE AND CLEAR—SOONER!

Some farm loans seem designed to keep you in debt. For example, the amount you can pay, even from farm income, is limited ... interest is charged to the next payment date, or additional payments are not accepted.

Don't spoil your chances of getting ahead faster—of owning your farm free and clear sooner! Insist on the right to pay off any amount at any time from farm income—with interest stopped the day your money is received.

This money-saving FARM INCOME PRIVILEGE is written into every farm loan now offered by this bank through our special arrangement with The Equitable Life Assurance Society. It is only one of the many advantages of this modern loan plan. See for yourself how you benefit by them.

## SAVE MONEY • BE SAFE

- 1 Prompt, friendly local service—No red tape—Deal with people you know.
- 2 No extra charges—No stock obligations. No fees and commission to pay ... only the usual abstracting or title policy and recording expense.
- 3 4% guaranteed 40 years—Take your choice of 14 different plans.
- 4 Save time and money—Make the payments on your loan here at this bank.
- 5 Save interest on your extra payments while they are held in the Prepayment Reserve to tide you over loan years.
- 6 Pay any amount at any time from farm income ... the famous Farm Income Privilege.

## "YES SIR, YOUR SORGHUMS ARE THE FINEST IN THE WORLD!"

The Panhandle-Plains and Southeastern New Mexico area is made to order for raising sorghums and many an enterprising farmer has found how easy it is to make new income from this much-demanded product. Extensive tests have been made and experts tell us that sorghums grown in this territory can't be beat. Heavy beef is being profitably finished on these fine sorghums. The climate and soil conditions here are ideal for sorghum—and a lot of other agricultural products for that matter.

Yes, the Panhandle-Plains and Pecos Valley area has everything—including plenty of dependable, low cost electricity for irrigation, water pumping, milking and scores of other farm uses.

### PARKERS AND FOSTERS HOME RETURNED CLUB MEMBERS

Using a red, white and blue color scheme with red carnations as centerpieces at individual tables, Mr. and Mrs. Otis Parker and Mr. and Mrs. Hosea Foster entertained Saturday night in the Foster home to honor returning members of the Dinner Club.

Members who have recently returned to Canyon are: Mr. and Mrs. Derald Swineford, Mr. and Mrs. C. W. Freed, Mr. and Mrs. Houston Bright, Mr. and Mrs. Gordon Lyons.

Other members present were: Mr. and Mrs. Milton Morris, Mr. and Mrs. W. W. Nicklaus, Dr. and Mrs. Robert P. Jarrett, Mr. and Mrs. M. E. Cantrell, Mr. and Mrs. Otis Parker and Mr. and Mrs. Hosea Foster. R. M. Hays, special guest played instead of Mrs. Foster.

This buffet covered dish Dinner Club voted to meet on every third Saturday night except in March when they will meet on the fourth Saturday night at Terrill Hall with Mr. and Mrs. Morris and Mr. and Mrs. Nicklaus as host couples.

Gordon Lyons won high score for the men and Mrs. M. E. Cantrell won for the women.

Help Keep Canyon Clean!

### BRIDE-ELECT MONA McNEIL HONORED WITH SHOWER

Honoring Miss Mona McNeill, bride-elect of Vernie Hager, Mrs. J. W. Bourn and daughters were hostesses to a tea given in the Bourn home 1214 5th Avenue, Thursday afternoon, February 21 from 3:00 to 5:00 o'clock.

Refreshments of Russian tea, mints, nuts and individual white cakes with M & V on them were served from a beautifully appointed table centered with multi-colored sweet peas and fern.

Guests were: Mrs. A. A. McNeill, Mrs. J. B. Hager, Mrs. Bill Sternberg, Mrs. Wayne McNeill, Mrs. R. A. Burrus, Mrs. Ray Metcalf, Mrs. J. Lowell Witt, Miss Kirskey Newton, Mrs. Bill McCaslin, Mrs. Lewis Broom, Mrs. Ella Heisler, Mrs. Joyce Lane, Mrs. E. J. Mahler, Mrs. J. F. Berryman, Mrs. A. W. Sternberg, Mrs. Bradley Burrus, Mrs. Herschel Jennings, Mrs. Ewing McGeehe, Mrs. Clyde McElroy, Mrs. W. C. Black, Mrs. Glenn Stouth, Mrs. Harley Burrus, Mrs. Ed Bourn, Mrs. Jack Parsons, Mrs. Tony Burrus, Mrs. Floyd Tomlinson, Mrs. Ross Craig, Mrs. Lyle Bonner and Mrs. John McNeill.

Sending gifts but not able to attend were: Mrs. C. N. Plaster and Faye, Mrs. A. L. Stevens, Mrs. Margaret Price, Mrs. Clifford Stevens, Mrs. R. L. Grigsby, Mrs. John Patterson, Mrs. Jack Foster, Mrs. John Davis, Grandmother Kibler, Mrs. Aline Adams, Mrs. Roy Dodson, Mrs. Pat Baber, Mrs. Olin Huff, Mrs. Earl Johnson, Mrs. Clyde Waggoner, and Mrs. W. I. Lane.

### BUSINESS WOMAN'S BRIDGE CLUB MEETS IN FRIEZE HOME

On Wednesday of last week members of the Business Woman's Bridge Club met in the home of Mrs. K. E. Frieze with Mrs. Claude Moore as co-hostess.

As winner of low score, Mrs. W. M. Thompson was given the honor of serving coffee at the beautifully appointed tea table at the conclusion of the evening of games. A hand made banquet cloth brought from China by Mrs. Frieze's brother-in-law covered the table. Pink carnations and snapdragons in a pink bowl on a reflector, flanked by tall pink tapers, formed the centerpiece. Star sandwiches, moulded salads, individual angel food cakes and mints were served with the coffee.

Unusual tallies of print covered poke bonnets added to the attractiveness of the playing tables. High score was won by Mrs. Clay Cooper; low by Mrs. Thompson and deuce by Mrs. Robert Parsons on a cut with Mrs. Clay Cooper, who tied her for the number of times taking the deuce prize for the evening.

### 1930 BRIDGE CLUB MEETS WITH MRS. C. R. BURROW

On Thursday afternoon Mrs. C. R. Burrow was hostess to the 1930 Bridge Club for its regular meeting.

At the conclusion of the series of games the hostess served an attractive salad course to the following members: Mrs. W. R. Clark, Mrs. J. S. Humphreys, Mrs. S. L. Ingham, Mrs. Lemuel Jarrett, Mrs. T. B. McCarter, Mrs. F. E. Savage, Mrs. D. A. Shirley, Mrs. R. A. Terrill, Mrs. Ann Wofford, Mrs. C. W. Warwick and one guest, Mrs. C. A. Murray.

### "42" TOURNAMENT MEETS IN SERENA BRYAN HOME

The Centerview Club tournament which is in progress was held at the home of Mrs. Serena Bryan Saturday evening, February 23. An unusually large crowd was present with 8 tables of progressive "42" going throughout the evening.

This was the third of a series of entertainments being sponsored by the club to raise funds and for entertainment.

Mrs. S. F. Sharpes received high prize for chalking up the most scores and Mrs. E. R. Coleman was receiver of the "booby" prize.

Refreshments of cookies and punch were served to the guests by the hostesses; Mrs. John Patterson, Mrs. Oscar Read and Mrs. Bryan.

The final of these tournament games will be played at the home of Mr. and Mrs. J. W. Wesley Saturday evening, March 2.

A prize for the person having won most games will be given by the club. Mrs. T. J. Myers, John Littlefield and Chas. Sutton are running a very close race in their wins.

### HERSCHEL COFFEE TO SPEAK AT BREAKFAST FORUM

Herschel Coffee will be guest speaker at the Little House of Fellowship Breakfast Forum at 9:00 o'clock, Sunday, March 3.

Mr. Coffee's topic for discussion will be of interest to college students. The Forum is open to any one who wishes to attend.

Call Mrs. J. S. Long 410W for reservations.

### YOUNG ADULT BIBLE CLASS HAS COVERED DISH SUPPER

On Thursday evening, February 21, 30 members and guests of the Young Adult Bible Class met in the basement of the Methodist Church for an evening social.

Preceding the buffet, covered dish supper, Tommy Cole as Dr. I. Q. conducted a most amusing program. After supper the group played "42".

A silk worm cocoon contains a single thread of silk from one-third to three-fourth mile long.

A cow's stomach is divided into four compartments, each with a different function.

### PARK H. D. CLUB MEETS IN HOME OF G. A. COLLING

The Park Home Demonstration Club met February 21 in the home of Mrs. G. A. Colling. The meeting was opened with the members giving the "Collect for Club Women." The songs "Home on the Range" and "A Bicycle Built for Two" were sung by the group. The roll call was answered with each member giving a suggestion on "How I Give Medicine to My Child." Some of the suggestions added laughter to the program.

A report was given by the following committees on what each committee has planned for the club for the year: program, recreation, finance and education. The "special" committee met Thursday evening to plan their program for the year.

The program chairman then took charge of the meeting and the following topics were discussed: "Keep up with Medicine" by Mrs. Elmer Winters; "Naval Medicine in the Pacific War" by Mrs. O. E. Shearer. After the business meeting was adjourned topics of beauty aid and treatment were discussed.

Refreshments, carrying out the motif of George Washington's birthday, were served to the following: guests, Mrs. George Caldwell and Mrs. Simon; members, Mrs. J. V. Williams, Mrs. Fred Coburn, Mrs. Frank Simon, Mrs. O. E. Sherer, Mrs. Kenneth Erwin, Mrs. Oral Winger, Mrs. Elmer Winters, Mrs. W. A. Bishop, Mrs. Flynn Winters and Misses Pat and Peggy Wineinger and the hostess.

The next meeting will be with Mrs. Fred Coburn on March 7.

### EDGETOWN H. D. CLUB STUDIES MODERN MEDICINE METHODS

"Keeping up with Medicines" of today was the topic stressed at the meeting of the Edgetown Home Demonstration Club in the home of Mrs. C. M. DeGraffenried, 806 4th Ave., Feb. 22, with Mrs. Fred Marshall, president, in charge of the meeting.

Eighteen members and two visitors answered roll call with "How I Give My Child Medicine." Finance, exhibit and achievement chairmen, gave a report of the year's work.

Mrs. S. R. Hood was elected as our representative to go to the March council meeting.

Mrs. C. H. Stratton conducted an exercise on rhymes which was enjoyed.

Program chairman introduced Mrs. Ralph Forrester, discussing "Keep up with Medicine" and followed by Mrs. Douglas Marshall telling of "Naval Medicine in Pacific."

Dainty refreshments were served to Mrs. Jack Hodges and Jessie DeGraffenried, visitors; Mrs. T. M. Thurman, Mrs. Frank R. Phillips, Mable Solomon, Mrs. Douglas Marshall, Mrs. Fred Marshall, Mrs. L. L. Gore, Mrs. J. C. Dowd, Mrs. R. E. Foster, Mrs. T. T. Fain, Mrs. J. R. Sharp, Mrs. E. C. Penick, Mrs. Ralph Forrester, Mrs. W. L. Rice, Mrs. W. I. Wester, Mrs. M. E. Sogree, Mrs. S. R. Hood, Mrs. C. H. Stratton, and hostess.

Next meeting will be with Mrs. J. C. Dowd, March 8, at 3:00 p. m.

### HIGHLAND H. D. CLUB MEETS WITH MRS. S. E. BRIGHTWELL

The Highland Home Demonstration Club met in the home of Mrs. S. E. Brightwell, Feb. 19, with 13 members and 10 visitors present. A covered dish luncheon was enjoyed by all. Two plates were sent out to sick folks.

Mrs. Clyde Jones, president, presided at the meeting. Three bolts of satin were ordered by club members. It was voted that the club put on a play for club funds. Mrs. Kenneth Jones was appointed to take charge of flower fund for the sick. Mrs. A. N. Green was appointed club reporter.

Those attending were: Mesdames L. J. Fulton, L. E. Mason, M. L. Cribbe, Leonard Tidwell, Clyde Jones, Kenneth Jones, Edd Sharp, Temple Jarnigan, P. Nesselroad, C. O. Davis, Geo. Cook and A. N. Green. Visitors were: Mesdames T. A. Allred, Joe Allred, W. W. McDade, J. E. Broadus, Tom Mayhew, Grace Benefit, Vista Walker, Phil Wedding, P. N. Elrod and R. J. Sharp, and hostess, Mrs. S. E. Brightwell.

### HENSON AND HER DIRECT SUE HITE CLUB MEETING

The Sue Hite Club met Feb. 25 in the Thompson club room for their monthly meeting. Mrs. Virgil Henson gave an article on "George Washington's Personal Life." Mrs. Heard led the study program with a talk on Mexico. The talk being divided into three interesting topics, "A Short History of Mexico," "Economic Condition," and "Mexico Gets Down to the A. B. C.'s."

During the business session, Mrs. Virgil Henson, club president was elected as delegate to the Seventh District Convention of Texas Federation of Women's Clubs to be held in Amarillo March 7 and 8. Mrs. Herschel Coffee was elected as an alternate delegate.

You can still buy a beefsteak for a song, if you happen to be a Lily Pons or a Bing Crosby.

Each revenue stamp on a package of cigarettes carries the picture of DeWitt Clinton.

Flowers that bloom at night are white, for visibility, to attract insects to pollinate them.

We've never seen a hot head who didn't have cold feet.

Silver linings make life livable, but brake linings make life possible.

### Miss Richardson Takes First Ride In an Airplane

The Panhandle Plains has had its first aerocade. Starting from Ft. Worth and gathering local additions along the way, a fleet of more than 40 airplanes visited Amarillo Saturday, stopping at Lubbock, and Canyon on the way.

The Canyon increment, flying in an Aerona Champion 1946 model, left the local airport at 8:45 and reached Lubbock at 10:10 a. m. George Cox sent his plane with Sherman Higdon as pilot and Miss Moss Richardson as guest.

Miss Richardson, 72 years old, experienced her first plane ride and was so entirely delighted that she has become an ardent aero fan.

Along the route numerous friends from Canyon were met. The great Plains arched by a faultless dome of blue and floored with a patterned terra cotta and gray mosaic were breath-taking. The medallions formed by drying lakes; Buffalo Lake spread out like an irregular bird; the railroad bias across the straight pattern of section lines; the smoke of occasional grass fires; and the foreshortening of the objects on earth were full of fascination to the first timer in the air.

A variety of planes took part in the aerocade: great army planes, planes with twin engines, Braniff Airway planes, the Globe Arrow so much talked about.

The Hilton Hotel in Lubbock served dinner to about a hundred guests. A visitor enjoyed the conversation as much as the excellent meal. It was all about planes and the air, narratives concerning the exploits of special planes and histories of the routes by which prejudices were overcome.

The aerocade was such a success that a prophecy of its continuance is a safe bet.

### LEGION AUXILIARY HAS MEMBERSHIP DRIVE

The membership drive for new members of The American Legion Auxiliary that began February 18 and closes March 11 is being pushed by the local unit. An invitation is extended to all who are eligible to affiliate with this unit.

For information concerning the joining of the local unit or for application blanks please contact either Mrs. J. Madison Daugherty, Mrs. Ted Reid or Mrs. H. E. Campbell.

All members are urged to be present at the regular meeting of the Auxiliary on Monday, March 4, at 3:00 o'clock. At that time reports will be given by the delegates to the Institute of Instruction which convened in Amarillo on Feb. 9.

Ben Bolt is a character in a song.

Have You . . .

## Rendered Your Property for 1946 Taxes

**MUST BE RENDERED TO GET YOUR HOMESTEAD EXEMPTION**

If you have not made your rendition, be sure to get in touch with your Tax Assessor-Collector and make certain that they are on the rendered roll.

Many people who are buying property from or through loan companies are under the impression that the Loan Company renders their taxes for them. This is incorrect. Unless you have made the rendition yourself your taxes are unrendered.

The law states that your property must be rendered NOW or such property will be placed on the UNRENDERED ROLL and you will not be entitled to the HOMESTEAD privilege and you will have to pay the STATE TAX.

This tax assessor office will try to see you, but if you are missed please call at the office, and the Tax Assessor-Collector will see that you are placed on the rendered roll.

Your cooperation will be appreciated very much.

# M. E. Cantrell

Tax Assessor-Collector Randall County

Season your meals with a dash of Spring—with the young, tender, taste-tempting early Spring vegetables that have just arrived in our market. What a grand tonic their full-flavored goodness is to appetites run down by winter menu monotony. Give your family this welcome foretaste of Spring by getting your vegetables here today!

## New Rat Killer Picks Victims

### Is Fatal to Brown Rat but Doesn't Kill Rabbits Or Chickens.

WASHINGTON.—Poison 1080, the powerful new rat killer, has an effective partner in another poison developed during the war. It's called ANTU, the Associated Press reports.

Scientists expect both to become important weapons in man's relentless war against destructive, disease-spreading rats.

Ten-eighths is more toxic to rats than any other known rat poison except strychnine.

But it also kills other animals and is dangerous to humans. ANTU, on the other hand, is a specific poison for the Norway rat, or brown rat, which inhabits every state in the Union.

It is less effective against the Alexandrine, or black rat, which also is numerous in this country.

It does not kill rabbits, chickens and many other animals and is not deadly to humans.

The black rat is believed to have been brought to this country in the first ships from Europe. The brown rat first made its appearance in 1775.

It gained footholds at the various seaports and gradually spread inland, driving out the smaller black rat.

#### Likes Temperate Zone.

The brown rat thrives best in the temperate zone. The black rat predominates in some places in the South and along the Gulf Coast.

ANTU is the abbreviation of the jaw-breaking chemical name Alphanaphthylthiourea.

Its discovery is credited to Dr. Curt P. Richter of Johns Hopkins hospital, Baltimore.

Extensive tests in Baltimore showed that one pound of ANTU could kill 300,000 rats.

It can be mixed with grain, dusted on fruits, vegetables or water.

Because it is less dangerous to humans than 1080, ANTU soon will be available to the public.

It is not regarded as an effective rat eradicator, however, unless it is used in sufficient quantities to kill all the rats at a given area at one time.

Rats that get less than a lethal dose are wily enough not to sample ANTU-poisoned bait again.

The government says that until 1080 is tested more fully, it should be used only by professional exterminators.

Some authorities suggest that in any large-scale rat eradication program, both 1080 and ANTU should be followed by spraying with DDT. Plague, typhus and other deadly diseases are carried by the fleas that infest rats.

DDT, these authorities say, would kill the fleas that otherwise might leave the dead rats and carry diseases to other animals and to human beings.

### Statistician on 90-Year-Olds Dies at Age of 90

LONDON.—Dr. Claude Baker Gabb, a retired physician whose hobby was collecting statistics on the number of persons who lived to be 90 or older, died recently—at the age of 90.

Every day for 30 years, Dr. Baker had clipped from the Times of London announcements of the deaths of nonagenarians and filed them away in a scrapbook. Each year, on December 31, he wrote to the Times, listing the number of persons over 90 who had died during the last 12 months and his letter always was published.

He reached the conclusion that three times as many women as men live to be 90 and that there are more nonagenarians among clergymen and their widows than among any other class.

### Land Rights for Servicemen Asked in Australia

CANBERRA.—Americans who desire to settle in Australia should not be placed in the same category as former enemy aliens, Premier Playford of South Australia declared recently at a conference of premiers.

Playford said he felt certain a large number of Americans would settle in Australia, particularly men who married or will return to marry Australian girls.

Australian wartime regulations prevent acquisition of land by aliens except under stringent conditions. Queensland already has legislation controlling all alien land acquisition and the commonwealth government asked the conference to consider whether other states and territories should pass similar measures.

The premiers deferred consideration until later.

### More Sugar Next June Is Predicted by U. S.

WASHINGTON.—An agriculture department spokesman predicted that civilian sugar supplies may increase by June if the 1946 crop in Cuba survives weather damage. Agriculture sources have estimated civilians will receive about 5,100,000 tons in 1945, or 850,000 tons less than last year, forcing continuation of rationing until improvement of the situation until later.

Moribund refers to a person who is dying.

"Pioneers" by Ross Jasper Nickell of Lubbock:  
Say you can't see nothin', stranger, in these vast an' rollin' plains? Just a mess o' flattened country that you're pleased to call "remains?"

Well, now that's just your opinion based on what you think is true; But it ain't the way I see it; every day there's something new.

It's a big, big country, stranger, with capricious kind o' ways—Wind an' sand an' snow an' "northers" mixed with balmy sunny days.

It's the home of he-men, mark you, sturdy, forward-lookin', tried, An' of strong courageous women standin' bravely by their side.

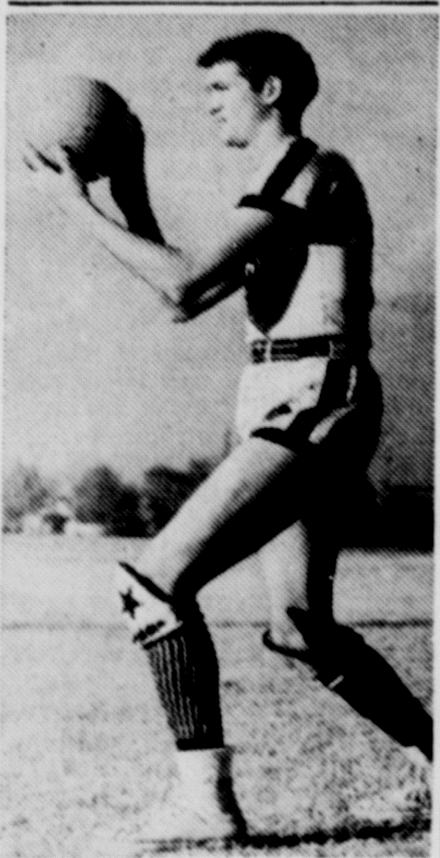

True, it ain't no soft-like Eden; but I've always found in life That the things we value greatest, more or less, we gain thru strife.

An' they strove, these early settlers, strove with drouth an' blizzard-sleet, But just cast your eyes about you; plain they never knowed defeat.

O' they's down sometimes, I grant you; but you see they didn't stay; If one plan went all "kerfluey" then they tried some other way.

Always workin' uncomplaining' at the heavy load they packed; In their lonely little dugouts love supplied the things they lacked.

Set the pattern for the future that proved bigger than they knew, Blazed the trail for high achieve-

ment (open roads for me an' you)

So just take your hat off, mister; join me in three rousin' cheers For the folks that made this country, patient fearless PIONEERS

Although it is a difficult feat it is possible to walk across Bering Strait, on ice, from Alaska to Siberia. The feat was accomplished by Capt. Max Gottschalk in 1913.

Hens have been known to lay rotten eggs.

Apples have been cultivated in Europe for at least 4,000 years.

**Homecoming Plans Revealed**

**Fall To Mark Gala Occasion, Announces Hill**

A great homecoming next fall to honor all ex-students who served in World War II has been proposed by President J. A. Hill in a letter to West Texas exes. The date of this event will be announced before the end of the spring semester.

Dr. Hill is requesting that former students write to him concerning the kind of program that they would like to recommend.

"We wish to make it a truly gala occasion and the greatest homecoming ever staged in West Texas," Dr. Hill wrote. "Make your plans to come and bring your neighbor exes."

Traditionally the homecoming of West Texas State has included a carnival in western style, sometimes housed in a big circus tent. It has been one of the most colorful events held on the campus. Reunions, a football game, dinners and luncheons and a program at the college auditorium have been other features. Whether the West Texas Exes wish to revive these customs or to suggest others is the question which Dr. Hill wishes to settle soon.

The orange is a native of China.

**Lemon Juice Recipe Checks Rheumatic Pain Quickly**

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a 2 weeks' supply today. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 3 tablespoons two times a day. Often within 48 hours — sometimes overnight — splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by J. J. Walker Drug Store

**Crosbyton Group Hears Dr. Hill**

Dr. J. A. Hill spoke at Crosbyton Thursday and while there was greeted by many W. T. exes.

The occasion was the annual P. T.-A. banquet honoring high school seniors.

The work on the farm to market road seems to be progressing well.

### WHO CARES

An insurance paper states that for every man eighty-five years old there are seven women—but it's too late then.

In a list of persons reported as centenarians, 1561 were men and 2706 were women.

## Derelict Land, Men Restored

### Remarkable Undertaking In Rehabilitation Being Tried in Tennessee.

MEMPHIS, TENN. — Two of humanity's greatest problems — derelict men and derelict land—are being tackled here in a remarkable undertaking in rehabilitation. The Shelby county penal farm has taken the two unrelated headaches, wrapped them together, and evolved a formula for making better citizens and wrenching a richer living from the earth, according to an article in the Chicago Tribune.

"We are a prison first and a farm second," says County Commissioner O. B. Ellis, the farm's director.

It is as a farm, however, that the institution has won renown—a model in agriculture copied by soil tillers and farm experts in most of the 48 states, Canada and Latin America. It is the preacher of a virile, new agricultural gospel for the south.

Eighteen years ago the farm site was a hideous stretch of waste and timber land—its soil eroded and its usefulness apparently spent. At the same time, Shelby county's miscreants paid their debts to society on county road chain gangs.

Today the farm's 5,017 acres are a lavish patchwork of lush green pasture sustaining fine beef and dairy herds, rich grain-yielding fields, man-made lakes and immaculate white buildings and fences—the whole layout valued at \$2,750,000.

Its "tenant keepers" are county prisoners, well fed and unchained. With proper supervision, they till the land, tend the stock and perform all the other chores.

Ellis says each man is made to feel an important part of the self-supporting little community and many of the prisoners develop a deep-seated pride in the farm and its functions.

The farm produces 93 per cent of the food consumed by its staff and some 500 inmates. There is enough left to supply other county institutions and to sell on the local market.

Ellis figures that under ordinary prison procedures it would cost the county \$450 a year per man to handle its law violators. The penal farm not only is no expense, it's a money maker. Last year it grossed \$292,137 and cleared \$116,659.

The farm has 225 head of registered Jersey cattle, 1,200 head of Aberdeen Angus and white-faced Herefords, and 5,000 purebred Duroc and Hampshire hogs.

Although located in a cotton region there's not a stalk of cotton on the place.

Lesson for South. Ellis says the "one row crop system" has left the south with thousands of acres of depleted land—and mechanized, low priced cotton now threatens the hill farmer with "starvation."

The only salvation, he adds, is a program fashioned after that of the penal farm — "diversification of dairy, live stock and small truck."

What the penal farm has done through terracing, soil building crops, and correct land usage, Ellis asserts, the farmer can do on an equally successful if smaller scale.

The present farm is the fulfillment of a dream of E. W. Hale, veteran chairman of the county commission. He saw in it and its varied activities a vast improvement over the old county road camps.

The farm was established in 1928—a couple of administration buildings on 1,400 acres of sorry land. Water that had been rushing down the hillsides, taking rich soil with it, was slowed by expert terracing and harnessed into a chain of 15 lakes for year-around irrigation. Minerals were sown into the impoverished earth.

Then sprang up spacious white barns, silos, and countless other facilities—built by prison labor from timber on the premises.

In 1931 Hale paid \$34,000 for 60 registered Jersey cows and 2 bulls from the island of Jersey. He was roundly criticized as a waster of the tax payers' money. Since then the Jersey herd has paid for itself six times over.

### Maternity Hospital Ward Rush Is on in England

LONDON, ENGLAND. — Many British women are booking beds in maternity wards as soon as they get the glad tidings that their husbands overseas are coming home. A shortage of maternity hospital facilities caused a flood of reservations far in advance—many of them provisionally. All beds but one in a big London hospital were reserved more than nine months ahead.

### Old Grocery Bill Is Paid 10 Years Too Late

MISSOULA, MONT. — An honest person paid a 30-year-old grocery bill but it came 10 years too late for practical purposes.

Lee Bourdeau, formerly a member of the Bourdeau Mercantile company, received a check for \$2.65 and a bill dated December 30, 1916, with the notation: "I found this bill in an old file. Sorry to be so late."

The Bourdeau company closed its doors 10 years ago.

A wife with good horse sense never becomes a nag.

## Thinclads Train for Cinder Meets As WT Re-organizes Track Program

The most extensive track and field schedule of recent years has been arranged by Coach Gus Miller of West Texas State College. It is the first track program since 1941.

The Buffalo squad, trained by W. W. Nicklaus, assistant coach, will enter the Fort Worth Pat Stock Show meet on March 15 and 16. Texas Tech will come here for a dual meet on March 29. April 6 is being held as an open date. On April 27, the West Texans will enter a triangular meet with Texas Tech and the University of New Mexico at Albuquerque.

These meets will be warm-ups for the Border Conference track and field meet at the University of Arizona, Tucson, on May 11.

Coach Nicklaus has a squad of 40 men training on the cinders, and while most of them are not record-breakers, they are making steady progress.

Several hundred men were hard at work on a new excavation for a new plane plant. It was a rush job, and the foreman rarely let them forget it. When they were just beginning to lay the foundation, a man with a ladder on his shoulder stopped to watch the proceedings. The foreman saw him and roared out to the working men . . . "Now then, lads, get a move on! Don't keep the window cleaner waitin'."

From Alaska to Guadalcanal, paper is being used to insulate huts that house our Armed Forces. Special paper manufacturing treatments give paper the necessary properties to keep out excessive cold and heat.

There is more truth in the statement that fine birds make fine feathers than in the statement that fine feathers make fine birds.

Of the 272 words in Lincoln's Gettysburg Address, 203 are words of one syllable.

### Contractor's Notice of Texas Highway Construction

Seal proposals for constructing 14.185 miles of Concrete Pavement Widening and Hot Mix Asphaltic Conc. Pav't. from 0.2 mi. North of Canyon to Amarillo West City Limit, on Highway No. US 60 and 87, covered by P 60 (5), in Randall County, will be received at the Highway Department, Austin, until 9:00 A. M., March 13, 1946, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of J. R. Harris, Resident Engineer, Amarillo, Texas, and Texas Highway Department, Austin. Usual rights reserved. 5212

## W. T. Graduate Has Little Use For Money in Germany

Money is worth little in Germany today because one can neither eat it nor wear it, according to Capt. Fred Hart of Canyon, an Army personnel officer with a photographic unit in a zone of occupation.

There is a ready market—and a black market—for any kind of merchandise. For example, one German had cameras worth several hundred dollars which he would not sell for money, but which he offered in exchange for a saxophone. Capt. Hart had no such musical instrument.

The former W. T. Le Mirage editor says Americans should waste no sympathy on the Germans he has seen. They are better fed than the average Englishman, in the opinion of many authorities in the American zones. However, things are more difficult in the big and bomb-ravaged cities.

Life in the American zone is dull, Capt. Hart wrote. There is nothing to buy except what the Post Exchanges carry. U. S. troops cannot sell or trade PX merchandise, and have little bargaining power.

Most U. S. garrisons in Capt. Hart's area were described as at about 50 per cent of normal strength, because of the heavy movement of men back to this country.

Due to conflicting dates beyond control, Paysoux, the Magician and Hypnotist, did not appear in Canyon High School yesterday as had been previously announced.

Mrs. Keefer: Emma, when you wait on the table, please don't spill anything.

New Maid: Don't worry, Ma'am, I never talk much anyway.

Music and Speech Students Give Fine Arts Assembly Program

It seems as conjugation of verbs has changed since the last I heard. On an English test the eighth grade took, Mrs. Gilmore got the conjugation of "to be" like this: present: I am, you am, he am, we am, you am, they am; present perfect tense: I have am, you have am, he have am, past perfect tense: I had was, you had was, he had was. . . The American Literature class has really been getting the low-down on the philosophy Mr. Cole has of "things." How do those things come up? . . . The way Mary Ann Parker acts in P. E. you'd think someone was out after her skin. Everytime someone starts to serve, she immediately runs out of bounds and hides her head, so she won't get hit. . . If you ever hear anyone saying, "I popped a corny, ha ha," you can bet your last nickel it's Bill Davis or someone who "caught" it from him. Why even Kay Kayser copied him.

THANKS, ROTARIANS

Kids! If we do not turn out to be well thought of students of Canyon, it will not be the fault of the Canyon Rotarians, since they are doing their best to bring us highly scholared entertainment.

"Institute of International Understanding" is the topic of the four lecture series sponsored by the Canyon Rotary Club, given to the high school of Canyon.

Two of the lectures have been presented. The first was presented at C. H. S. by Morris H. Coers who spoke of making international organizations effective, and the second was presented at W. T. by Geoffrey F. Morgan, lecturing about the constructive use of Air transport. Both of the lectures proved to be entertaining and worth while.

C. H. S. is looking forward to our next speaker, W. Leon Godshall on March 4, speaking of the international security in the Pacific, and the last one presented at W. T. March 11, by Chester M. Tobin lecturing on the subject of maintaining world trade and a high standard of living.

To the Rotarians, we, Canyon High want to express our thanks to you for being able to present to us such entertaining programs.

By Ruth Prichard.

ALL THE ANSWERS?

Are you one of those well known persons who really "gets around" and knows "all the answers?" All of us like to feel that we do get around to a certain extent and we want to know some of the answers, anyway, to avoid being called a "goon" or a "drip" or some other such term which is applied to local "diddlepusses." The desire to avoid being branded with one of these loathsome nouns is quite natural and understandable; however, sometimes we let this desire over-rule our better judgment.

Just what do we mean by "getting around" and "knowing all the answers?" Observe some student who is often described with these phrases. Think the matter over carefully before choosing him as an example which you would follow. Are you quite sure this is the sort of person you want to be? Does he know all of the answers, answers to important questions or decisions which really matter?

By Geraldine Small.

RESPECT AUTHORITY

Yes, that is a hard thing to do, always. Hard for us to remember at all times, but let's try to do this very thing.

Of course we are young, full of life and vigor. Too often the forbidden is too tempting to us. We dare to do things for the sake of excitement, or to relieve the monotony of life. We aren't always a good judge of what is best.

Here is the place to apply the old rule: "Better be safe than sorry." No one ever regretted doing the wise and considerable thing, but too often, much too often, we youngsters regret deeply having crossed the danger line.

From here on let's all think, twice before doing the daring, maybe then

Color Fantasy, a play, given by the sixth grade pupils and directed by two speech club members, Sue Ann Colwell and Emma Gene Zachry, was the first number on Friday's assembly program.

Catheryn Shelmut and Ted Nicklaus played leading parts and introduced the colors. White, James Cundiff and black, Harrell Slack, carried their somber tones and delided for the three basic colors to appear. Red, Teddie Howell; blue, Joyce Payne, and yellow, Colleen Payne combined to bring out their complements of purple, Iva Richardson; orange, Fritz Hogge; and green, Alice Gill.

Concluding this part of the play the colors presented a folk dance which was highlighted by Dorothy McReynolds' appearance. She was dressed in a combination of all six colors and gave a solo dance.

Students: Richard Sanders and Billy Bishop identified art masterpieces which were introduced amidst the garden setting.

Following the play these features were presented: "One Alone" and "Waitin' For The Train To Come In," Frances Gooch; "Gloworm" and "Bells of St. Mary's," Marion McReynolds and Donna Erwin; "Prelude," Max Bellah; "A Heart That's Free," and "Chickery Chick," Alice Pierce; "Malduea" and "Boogie Woogie," Donna Erwin and "Indian Love Call" and "Put Your Arms Around Me, Honey," Frankie Sneed.

Concluding the program the student body sang the school song led by Mr. M. D. Shepherd.

How One Knows If He Knows English

Do you notice the kind of English you use? Other people do. A cultured person does not use incorrect English. One of the most noticeable features of an uneducated person is his incorrect speech; one of the most noticeable features of an educated person is his correct speech.

Canyon High School offers four units in English plus a year each in Journalism and in Speech. Therefore, all students have an opportunity to master the English grammar and to gain some knowledge of literature while in high school. The schedule of English classes permits students to study grammar during one semester and literature the next. Students are encouraged in all classes to speak and to write correctly.

At present graduation requirements of Canyon High calls for only three of English but all seniors are urged to take the fourth unit.

In addition to regular textbook assignments and class work, students are required to do a minimum amount of outside reading and reports.

IRONY

One night the wall of the French sirens sent me scurrying in my pajamas to a refuge in Paris. I sat in the underground hole nearly an hour; a French millionaire sat beside me, and as we fiddled with our gas masks and talked about the horrors of air war, the millionaire growled: "And to think that I subscribed for a monument to Wilbur Wright!"

The Portuguese Man of War is a sea animal, a poisonous jellyfish.

We'll be safe, sound, and live longer.

By Valeta Haines.

Morgan Discusses Future Aviation

In the second of a series of speakers, sponsored by the Canyon Rotary Club, Geoffrey F. Morgan lectured on, "The Constructive Use of Air Transport" in assembly at W. T. Monday afternoon, February 25, at 2:30 o'clock.

Geoffrey Morgan, introduced by the W. T. High school principal, Mr. Milton Morris, comes to us from Santa Monica, California, and is a nationally known speaker.

"You, the high school students of America can do anything once your mind is put to it and the airplane world will effect the youth more than anyone, so plan ahead," says the lecturer, Mr. Morgan, who also lectured in the college auditorium on the same subject, Monday evening at 8:00 o'clock.

These lectures are presented free and the public is cordially invited to attend.

Canyon High will be host to W. Leon Godshall next Monday, Mar. 4.

Science of Algebra Important Subject

"The human mind has never invented a labor saving machine equal to the science of Algebra!" is the answer given by Mrs. A. K. Knott, when she was interviewed by a member of the Eagle's Tale staff.

"Algebra is studied because of its great usefulness to us. Without Algebra, we would not be living in this modern world. Without Algebra, architects could not construct great buildings, build bridges, dams and generators that change energy of falling water into electric power. Without it, the human race would know little about aviation, telescopes, microscopes, radios, insurance and electronics. Distances would be little known, not only on the earth, but to the moon and other planets of the solar system.

If man is ever able to travel to any of the other planets, it will be this science that makes it possible. Algebra has made possible fast moving automobiles, airplanes, and the complicated machinery of all the great factories and mills. Algebra is the universal tool of scientists.

"A dry subject? I should say not! A useful subject? Yes! On it depends the greater part of our modern progress," states Mrs. Knott.

TSTA Unit Elects Spring Delegates

Randall County Unit of the Texas State Teachers Association met at 4 p. m. Tuesday afternoon in the College Science Building. Mr. M. D. Shepherd, band director, led the group in singing "The Eyes of Texas" and "Home on the Range." A business meeting followed with president Tommie J. Cole presiding.

Following are the people who were elected delegates to the spring meeting in Amarillo which will be held March 15: Mr. A. K. Goodman, Dr. Ima Barlow and Mr. Tommie J. Cole. The unit voted to co-sponsor with the A. A. U. W., the appearance of the speaker on Russia for May 1. Miss Ruth Lowes will assist Miss Novella Goodman in making the necessary arrangements for the speaker.

Typewriters for the blind have only six keys.

They say the father of all humor is Pop-corn. Well! Here I is! Yep here's ole' Cal again bringin' more gossip about everybody. Du-uh!!!!

Ole' Cal has been informed by a little birdie that Johnnie Ford thinks quite a lot of W. T.'s Kenneth Stone and has been seen with him several times.

One of Pauline Seales' friends who visited Canyon High Monday really drew a lot of Wolf whistles.

Wonder how these three couples liked the Buifs' ball game Saturday night: Valeta Haines and Billy Abbott, Geneva McDougal and Marvin Fite, Sue Gillispie and James Guthrie?

Don't tell Janey Forrester, but Bobby Scruggs is one of her most ardent admirers.

Verna Davenport and Gerald McDuff, Joyce Stipe and Max McDonald were seen enjoying sundae together in the Canyon Drug Saturday night.

James Bible, what's this I hear about you and Mary Ann Parker carrying on an interesting conversation in 6th period study hall?

Scharlean Pyeatt and Don Hickman, did you have a good time in the jeep after the FFA banquet?

Cheri Kilchrist seems to think quite a lot of a certain sailor named Wayne Trout or so I hear!

Height: 5'8"  
Weight: 130  
Color Eyes: Brown  
Color Hair: Light brown  
Shoe size: 7

Three Grades Select Picture as Favorite

"The Great Divide," is the favorite picture of the seventh, eighth, and ninth grades, according to a recent poll. It received forty votes, while "Shepherd Boy" barely missed being first with thirty-eight votes.

Each of these classes spent one hour studying the Colonial Art Exhibit in Canyon High School. They were then asked to name the picture they thought was the best. "The Great Divide," painted by R. W. Amick, pictures two Indians on horses looking from a cliff down on a beautifully valley nestling at the foot of colorful mountains. Probably the reason it was chosen is because this country was known as Indian territory in the old days.

Other pictures that received over ten votes were: "Indian Rugweaver," "Springtime," "Pinkie," "Little Maid and the Fairies," "Chestnut Alley," "Madonna of the Roses," "Evening Sun," "Looking Forward," "Pioneers," "When the Sun Dips West," "Pueblo Indian," "Boy Pioneer," and "Isle of Capri."

Dramatists Test Character Roles

Parts of the senior play, "Busy as a Beaver," were given in class meetings held Thursday and Friday afternoons, February 21 and 22.

Only nine out of the 13 characters have been definitely selected.

Mrs. Wilma C. Hornstra, Mrs. P. S. Merchant and Mr. T. L. Devin judged the characterizations.

Further judging will be held during this week and practice will begin in about three weeks.

Unusual interest was shown in the try-outs because every member of the senior class tried their skill at a part and there was much competition.

Somebody Hacked Tommie J. Cole

Basketball rivalry enters the spotlight in the Burton gym every Monday evening when the Canyon Lions meet Lion teams from near-by towns.

Our own principal, Mr. Tommie J. Cole plays center and probably accounted for the overwhelming score in favor of Canyon, 36 to 22, February 18 against Friona. In a second battle, February 25, the Canyon Lions met the Happy team head-on.

At the half, the young fry, the seventh and eighth graders, tried their skill.

These games, claiming the name of basketball, more nearly resemble wrestling matches. The referee occasionally stops the tug-of-war and raises the hand of one player, declaring him the winner.

Suffering further calamities, our principal falls in the pile of players who smother the referee.

But the sixty-four dollar question is this! Who hacked our principal?

He is recovering from bruises and will probably be able to play again. He, to our opinion, is the star of the games, regardless of the few baskets he loops.

College Six Beat CHS Eaglettes

For the first practice game of the season, a college class out-scored the C. H. S. volleyball team, February 22, with the scores of the three games being: Eaglettes 15 to 10, college 15 to 12, and college 15 to 13.

Geneva McDougal was high server with seven points and Johnnie Ford, Dorothy Butler, and Joan Morton were runners-up with six points each.

The starting line-up was Dorothy Butler, Johnnie Ford, Joan Morton, Geneva McDougal, Anita Johnigan, and Martha Jean Avent. Substitutes were Louise Dickinson and Juanita Avent.

These practice games will be held with the college every Friday for a few weeks.

The Eaglettes have a game scheduled with Amarillo High School March 13, in the grade school gym.

Davis Supplants Club Treasurer

By Shirley Harrison

Monday, February 25 marked the beginning of the Intramurals in basketball.

Coaches for the teams of the different classes have been selected as follows: seventh, Richard Walters; eighth, Easton Wall; freshmen, James Guthrie; sophomores, Austell Burrus; juniors, Billy Abbott; and seniors, Charles Wright.

Selected as captains of the teams are as follows: Landon Barrett, Bruce Winn, Jerry Inman, Rusty Davis, C. L. Hood, and Malcolm Gunter of the seventh, eighth, freshmen, sophomore, juniors and seniors, respectively.

M. E. Rhodes and Wilbert Long are the referees for the teams.

Over the juniors, the eighth grade gained a victory, February 25, with a final score of 19-7. Congrats guys!

The schedule for the games this week is:

Monday of this week, juniors vs. eighth.

Tuesday, sophomores vs. seventh.

Wednesday, senior vs. freshmen.

Thursday, winners of Monday's and Tuesday's games.

Girls' volleyball practice will be held on Tuesdays, Wednesdays and Fridays.

Mary Fontana entered Canyon High School from Sparks High, Sparks, Nevada. She enrolled February 14, as a sophomore.

Hobo Affair Nets \$62.75 Profit

"Oh, my aching back!" was a frequent exclamation heard last Saturday as approximately 40 members of the Future Homemakers of America Club scoured the town in search of odd jobs.

The day of toil, officially titled Hobo Day, began Saturday at 8 a. m. when the club girls dressed in slacks, levis, plaid shirts and etc. met in the Home Ec. department and were divided into groups and assigned definite areas in which to work.

Cleaning wood work, mopping floors, making beds, pruning trees, and raking lawns were a few of the odd jobs which the girls did, in order to obtain money.

Sixty-two dollars and seventy-five cents was found to be the total proceeds when the members returned to school at 1 o'clock p. m. to count their earnings. Jo Ann Bullard and Peggy LaLoge led the group with sums of four dollars each which they earned. Fifty dollars will be contributed to the FFA camp fund and the remaining twelve dollars and seventy-five cents is to be placed in

Johnnie Ford, senior, is the FFA Sweetheart of 1945 and 1946, as chosen by the Canyon High School Chapter, Thursday, February 21. The other nominee was Alice Pierce also of the senior class.

To replace G. J. Bonds as treasurer, the Future Farmers chose Rusty Davis.

The club decided to buy two registered Poland China gilts from the Tierra Blanca hog farm. Rusty Davis agreed to take care of the gilts until the FFA buys a block at the edge of town. On the committee to help Mr. Devin select the gilts are Malcolm Gunter, James Bible, and James Inman.

Blake Zachry, Wesley Prater, and George Schaeffer were appointed to make plans for a party.

Serving on the committee to work on the Father and Son banquet are Rusty Davis, Dennis Burrus, and Jimmy Dietz.

The vocational agriculture class has been judging bulls, hogs, and sheep for the past two weeks. On February 25, Bennie Woods, James Bible, Jones Hales, and James Inman went to the Pampa Livestock Show and helped judge.

For letting them judge their stock the ag boys wish to show their appreciation to Mr. Clark of Tierra Blanca hog farm and George Nance.

The Chapter treasure for future use.

In the afternoon the girls hiked out to the creek south of town where they ate their lunches.

"We wish to express our appreciation for the splendid cooperation shown by the townspeople in making this project a success," states Miss Kathryn Davies, club sponsor.

The apricot, a native of China, was in cultivation earlier than 2,900 B. C.

Thomas Jefferson's library was bought to start the Congressional library.

MONARCH CLEANERS

## Bufs Wind Up Main Schedule

**Defeat ENMC Five, 71 to 36; Leave For Albuquerque Thursday**

The West Texas State Buffaloes wound up all the scheduled home games for the year Saturday night with a victory over the Eastern New Mexico State College Greyhounds 71 to 35.

Coach Miller used 11 players in Saturday night's tangle but the usual starting five did most of the scoring, with Hank Decker, towering Buff center, counting 15 points to his credit. Bill Stockman was close behind with 13 points, while J. W. Malone, the scoring ace of last week's Texas Tech game, was able to sink only 7 points. Hank Decker was only one point leader over Malone before the game began, but Decker's 15 points ran his total

scoring to 283 for the season and Malone followed with 274.

The Buffaloes scored the same number of points against the Greyhounds in an earlier engagement this season when they downed them by a 71 to 42 count at Portales.

Saturday night's game was not very exciting compared to the Tech game of last Tuesday night. Everything happened that was expected to happen in the game; the scoring, the size of the crowd, and the way the teams would perform.

Coach Miller and team will leave Thursday morning for Albuquerque to play in the Border Conference tournament. The Buffs drew a first round bye and will not leave until Thursday morning. Arizona, New Mexico U., and West Texas State are said to be the strongest teams.

## Grid Schedule Near Completion

The West Texas State College Buffaloes will open their 1946 grid-iron season on September 21 at Lubbock with the Texas Tech Red Raiders. Only three dates remain unfilled. Coach Gus Miller states that he is communicating with other schools and is trying to fill these dates as soon as possible. Wichita University may be selected to fill one of these dates.

1946 schedule:  
Sept. 21—Texas Tech at Lubbock.  
Sept. 28—Open  
Oct. 4—University of New Mexico at Albuquerque

Oct. 12—Colorado College at Canyon  
Oct. 19—Texas Mines at El Paso  
Oct. 26—New Mexico A&M at Canyon

Nov. 2—Open  
Nov. 9—Hardin-Simmons University at Abilene.  
Nov. 16—Open  
Nov. 23—Arizona State of Tempe at

Phoenix.

Whoever named Walla Walla, Washington, must have thought of it twice. We've often wonder, though, why it wasn't just called Tuwalla.

When a man pays special attention to a woman it's an indication he wants to marry her. When he pays no attention to her, it's a sign he has married her.

How Time Changes: During the days of the depression the landlord had to ask a lot of times for his rent money. Today he has to ask a lot of money for his rental time.

We told the wife before marrying her that we couldn't do enough for her. And now after 18 years of trying we've decided we can't.

Famous Redheads: Cato the Censor; Winston Churchill, Prime Minister; and Christopher Columbus, discoverer.

The new push-button jacks to raise the cars are swell. But it takes a different kind of jack to keep them up.

## Sulfa-Dango, a New Hope for Many Scalp And Skin Disorders

This amazing new scientific preparation contains one of the powerful germ killing "sulfas" together with a soothing penetrating agent in liquid form.

Sulfa-Dango gives relief the very first application to itching, scaly, dandruff.

It is also highly recommended in the treatment of Acne, Eczema, Psoriasis, Impetigo, Insect Bite, Burns, Sunburn and other skin irritations. Simply apply this non-staining solution several times daily—no bandaging is required.

A generous full treatment sells for only \$1.00, on a money back guarantee. Sold by the Canyon Drug.

# Don't Blame Your Dealer if You Can't Get G-E Appliances and Radios

It's not the dealer's fault. We don't think it's our fault. Maybe it's nobody's fault. But here's what happened:

Here's how fast G. E. and its affiliated companies were making and shipping things for you:				
	OCT.	NOV.	DEC.	On hand Dec. 31, 1945
IRONS	60,440	67,564	85,968	2½ days' production
CLOCKS	181,998	177,681	256,038	2½ days' production
REFRIGERATORS	12,755	17,577	28,432	4 days' production
WASHERS	3,068	4,672	6,874	4½ days' production
RANGES	3,056	8,973	8,996	3 days' production
RADIOS	85	5,129	9,401	1½ days' production
TOASTERS		312	2,386	2698 (No shipments were made because production was inadequate to provide samples for dealers).

Out of the 2,485, 138 appliances manufactured in 1944 and 1945, General Electric shipped 98%.

AFTER the war ended, we weren't able to get back into production of some appliances as soon as we had hoped, and production rates weren't as high as we had hoped. A number of unforeseen things like material shortages made the job harder.

But there were only 120 days between V-J Day and December 31, 1945, and in those 120 days we partly recon-verted our factories from war to peace-time goods and got production started. During the year we turned out 2,313,791 electrical appliances.

We shipped these appliances out practically as fast as made—so fast that at the end of the year more than

98 per cent of those we'd built since reconversion began were out of our factories. Most of them were in the hands of users.

Then, on January 15, 1946, our plants were closed by the strike. Not a single electric home appliance has been built or assembled there since. And, because our warehouses are practically empty, your dealer won't be able to obtain any more until we can get back to making them.

We want to get back to producing as fast as possible. The manufacturing organization is set up; the machines are ready, waiting to be set in motion. These factors will help us to do an

even faster job than we did in the months before the strike.

But we can't pick up production quite where we left off. Production lines are too complicated for that. A great many things have been dislocated by the strike.

When the strike is over, and the refrigerators and toasters and radios you've been waiting for begin to come off the lines again, we'll get them into hands of our dealers just as fast as we can. They'll be competitive in price. They'll be General Electric quality.

So, please don't be impatient with your dealer—or with us.
